PREFACE.

THE Text of this Edition is Alexander Riese's, expurgated for school use. The Perottine Appendix has been omitted at the desire of the Publishers, as the book is long without it. The Notes are short, but I hope sufficient; difficult phrases not explained in the Notes will be found in the Vocabulary. The Introduction is meant for older boys, and is intended rather to suggest some of the questions which arise in connection with a study of Phaedrus, than to exhaustively discuss them. References are given for those who wish to pursue any line of enquiry further.

G. H. NALL.

18 Dean's Yard, Westminster. January, 1895.

INTRODUCTION.*

NOTHING is known about the life of Phaedrus except what can be gathered from the scanty notices in his fables.

Phaedrus.

He was born in the mountainous district of Pieria, in the south of Macedonia, whether of free or servile parentage we cannot tell, in the latter part of the 1st century B.C. At an early age, for some reason unknown to us, he was removed to a Latin speaking country, probably Italy, for he tells us that as a boy he read the line of Ennius "Palam muttire plebeio piaculum est." ‡

The title of the early manuscripts describes him as "Augusti libertus," the freedman of Augustus. He must, therefore, have been a slave of the Emperor, who granted him his freedom probably as a reward for his literary skill and services.

The first two books of the fables seem to have been published during the reign of Tiberius. These brought Phaedrus under the displeasure of the imperial favourite Sejanus. The precise reason is uncertain, but the words of Phaedrus, suspitione si quis errabit sua et rapict ad se, quod erit commune omnium, § certainly imply that some of his fables were

^{*} For an exhaustive discussion of all questions connected with Phaedrus see Hervieux, Les Fabulistes Latins.

[†] Pierio iugo. III. Epil. 17. ‡ III. Epil. 34. § III. Prol. 45.

supposed to reflect on individuals. In the collection as we have it at present it is easy to find passages which might readily bear such an interpretation, e.g., in Book I., Fable ii., the frogs asking for a king; Fable iii., the conceited daw; Fable vi., the marriage of the sun; Fable xxiv., the frog which burst; all these might be supposed to reflect on Sejanus or his clique, and Fable v. of Book II. might have aroused the imperial displeasure, as an impertinent anecdote about the Emperor's sacred person in days before court gossip had become the common property of every scribbling journalist. But, whatever the reason, Phaedrus was certainly prosecuted, probably for maiestas or high treason. He was condemned, but concerning his punishment we have no information.

To relieve his distress Phaedrus wrote the Third Book of the Fables, dedicated to Eutychus, who has been identified with the charioteer and freedman of Caligula, the third Roman Emperor. Book IV. is dedicated to Particulo, about whom nothing is known. He is described as so fond of Phaedrus' fables that he copied them 'on to his own pages,' whatever that may imply. (See Note on IV. Prol. 18.) Phaedrus in this prologue says that he had intended to end his work with Book III. to avoid exhausting his material and leaving nothing for his successors, but that he had deliberately changed his mind (IV. Prol. 1 fol.). The book contains frequent reference to detractors. Book V. is dedicated to Philetus, who may possibly be a Tib. Claudius Philetus, a freedman of the Emperor Claudius. In the last fable of this book, that of the Aged Hound, Phaedrus may perhaps allude to his old age.

The date of Phaedrus' death is not known, nor any further facts about his life. Few writers have dragged their personality more frequently into their writings, yet we can

form but little idea of his character. He claims to be utterly indifferent to money; but this is a claim not unfrequently made by poor men. He is supremely conscious of his greatness as a writer, yet he constantly indulges in childish complaints against detractors. We may safely say that he was not a great man; how little he was we can scarcely determine.

There is no reason to doubt that Phaedrus won a certain amount of fame in the world of literature before his death. The next generation seems to have forgotten him. Seneca speaks of Aesopian stories as a work unattempted by Roman genius;* Quintilian does not mention him; Priscian in a passage dealing expressly with Aesop and the literature of fables, mentions Hesiod, Archilochus, Plautus, and Horace, as using them, but says nothing about Phaedrus. Martial, however, refers to him in a disparaging line, an aemulatur improbi iocos Phaedri (Epigr. iii., 20, 5), and imitates him in several phrases; and Avianus, in a passage given below, refers to him and Babrius.

The fables, as they have come down to us, are ninety-three in number, written in iambic verse and divided into five books. Book I. contains thirty-one, Book II., eight, Book III., nineteen, Book IV., twenty-five, and Book V., ten. Besides these there is an Appendix of thirty-one 'Perottine' Fables of doubtful authorship, not printed in this edition (see below, p. xi).

Of the original fables many are certainly lost, for Avianus in speaking of them says that Phaedrus expanded a part of his fables into five books, Phaedrus partem aliquam quinque in libros resolvit. The term 'expanded' is scarcely suitable to our collection. Phaedrus, further, in his Prologne to Book

^{*}Aesopios logos intemptatum Romanis iugeniis opus. Consol. ad Polyb. xxvii.

I. (line 6) refers to fables in which trees speak, of which there is no trace in our fables. Books II. and V. are very short, even compared with the other books. Book IV. bears signs of mutilation, not only in single fables, e.g. xiii. and xiv., but throughout, for the insertion of poems headed 'Poeta' 'Phaedrus,' can only be satisfactorily explained by supposing that these mark divisions in the book, and were originally separated by some ten or twenty fables. Further, at the beginning of the Prologue to Book IV. Phaedrus says that he had intended to finish his work with the Third Book ut aliis esset materiae satis, 'that there might be enough material for other writers,' an expression which would be ridiculous if the fifty-eight fables of these three books, many of which are not fables proper at all but only stories or anecdotes, represented all that he had published.

Hence it is certain that a large portion of Phaedrus' Fables has been lost, and as our earliest MS., the *Pithocanus*, dates from the 9th or early 10th century, the loss must have been between then and the 4th century in which Avianus lived.

The story of the MSS. is most interesting, but cannot be given here.* Only five MSS. have been discovered; two, the Codex Pithoeanus and Codex Remensis, dating from the 9th or early 10th century, the latter of which is now lost; the Codex Danielis containing only eight fables, dating from the 11th century; and the Codex Perottinus and its duplicate the Codex Vaticanus dating from the 15th and early 16th century.

The Codex Perottinus is called after Niccolo Perotti (b. 1430, d. 1480) who became Archbishop of Siponto (afterwards Man-

^{*}An admirable summary will be found in Prof. Robinson Ellis Inaugural Lecture, The Fables of Phaedrus. Clar. Press.

fredonia) in 1458. In early life, he says, he employed his leisure in copying out, evidently from some MSS. now lost, with no regular order or sequence, fables "The "Perottine" fables, he interspersed epigrams of his own com-

position and letters to his friends, and dedicated the whole work to his nephew, Pyrrho Perotti, in these terms: "Nicolai Perotti epitome fabellarum Aesopi Aviani et Phedri ad Pyrrhum Perottum fratris filium adolescentem suavissimum incipit foeliciter." The MS. remained unknown till 1727; the new fables in it, those of 'Aesop,' were first published in 1808; about twenty years later a second MS. of the same work was discovered in the Vatican, the Codex Vaticanus, and published in 1831.

The thirty-two fables of Phaedrus and thirty-six of Avianus which this MS. contains correspond with fables in our collection of those writers. The great controversy has arisen over the so-called Fables of 'Aesop.'

'Aesop' we know to be but a name (see p. xii), and hence many critics have maintained that these 'Aesopian' Fables of Perotti are the genuine work of Phaedrus. They are usually printed now as an Appendix to a complete edition of the fables

The arguments may be summarized as follows. Those who maintain that the Perottine Fables are by Phaedrus say that internal evidence, viz., the style and subject-matter, prove them to be by the same writer as the five genuine books of fables; that our Phaedrus is undoubtedly abridged and mutilated; and that therefore there is every reason to believe that these fables are a portion of those contained in the original and complete Phaedrus. To which their opponents reply that the Perottine Fables, though similar in style and language and metre, with very few exceptions fall below the

average goodness of Phaedrus, that the similarity of style does not prove they are from the same hand, because an imitator consciously endeavours to reproduce the characteristics of his model; and that there is no proof that a completer Phaedrus than we possess existed in the days of Perotti; Perotti by speaking of Fables of Aesop, they furthermore observe, clearly showed that he had included in his MS. a series of fables which he believed not to be by Phaedrus or Avianus, a series probably taken from some larger collection of Latin iambic fables, the authorship of which was unknown, and which went under the general name of the Fables of Aesop.

Aesop in fact is the name of a particular class of fable rather than of the work of any individual Aesop. man. There is no sufficient reason however for doubting that a man named Aesop did once live. Herodotus first mentions him, describing him as a slave and the contemporary of Sappho (about 600 to 570 B.C.), but since all the stories we have of him come from a late source, and quite an untrustworthy one, it is clear that the Greeks of that time knew very little about him. At what period the practice of ascribing beast fables to Aesop became common we cannot tell. None of the earlier writers who employ fables use his name. But when we come to Aristophanes and later writers it is the exception if Aesop is not mentioned in introducing a fable. "We see in Aristophanes the mouthpiece of a tendency to exalt Acsop into the high priest of fable, which appears to have been gradually gathering strength and to have reached a climax in the literary circles of Athens about the meeting-point of the 5th and 4th centuries before the Christian Era. In my judgment it cannot be explained except by regarding Aesop as a real personage, imbued with the spirit of that primeval lore of fables which all peoples

seem to have once possessed in a greater or less degree, and which the Greeks, if their place in intellectual history means anything at all, must have preserved with more than common precision. Moreover, this Aesop was able to extract from its traditional embodiment so much of the primitive naturalness and essential simplicity of fable, that to the new apologues which he formed after the old types men were so partial, that his name became associated with all. He was the children's Homer, and the willing lips of granddames and nurses preserved his λόγοι, μῦθοι or αἶνοι, with as loving care as the οαψωδοί devoted to the έπη of Homer."*

About 300 B.C. Demetrius Phalereus, who had fled from Athens to Alexandria and there founded the world famous Alexandrine Library, + collected all the fables he could find under the title of Λόγων Αlσωπείων συναγωγαί (Collections of Aesopic Tales). This is the collection from which Phaedrus borrowed all his fables proper. ‡

Fable seems to be part of the common mental stock of all nations, due to a tendency of the human mind to ascribe to beasts the thoughts and feelings of reasoning man. The use of the fable and the analogous use of the parable were familiar to the Hebrews (see the

Fables of Jothan, Judges ix. 8, and Jehoash, 2 Kings xiv. 9), but it was in Greece and in India that the fable reached its highest development. To discuss, however, the origin and history of fable would be to Phaedrus'

enter upon a far wider field of enquiry than of the Fable. can be attempted here.§ The only point that

Treatment

tSee notes on V. 1. 1.

See first vol. of Jacob's ed. of Caxton's Fables of Aesop (Nutt.) for a very full discussion of the question.

For a short summary see Introd. to Jacob's Fables of Assop (Macmillan); for a longer and more exhaustive discussion the first vol. of Jacob's ed of Caxton's Fables of Aesop (Nutt.).

^{*} Rutherford, Babrius, p. xxxv.

can be considered is Phaedrus' treatment of the fable. We must note first that Phaedrus uses the term 'fable' in a very wide sense. He includes in his miscellaneous collection not only the beast fable proper, or apologue, the Aesopian fable, but also stories, anecdotes, and myths of all kinds, chiefly, but not all, of Greek origin. One, Caesar ad Atriensem (II. v.) is simply an anecdote about the reigning Emperor.* For this he apologizes in the Prologue to Book II.: "I will do my best to follow Aesop's example," he says, "but if I introduce other matter for variety's sake you must take it in good part." Secondly, we must note that the fable of old days was not based on, nor did it pretend to be based on, an accurate study of the habits and ways of the animals which played a part in it. We must not, therefore, compare a fable of Phaedrus with the beast stories of modern writers such as Rudyard Kipling. In these old fables we have a certain number of conventional characters; the sly fox, the greedy wolf, the lordly lion, and they are used merely as pegs to support a story with a moral. Hence, all sorts of absurdities occur which it does not require the astuteness of a German to detect.+ In thus treating the fable, Phaedrus was merely treading the conventional path, but he seems to have thought, or tried to make himself and his readers believe, that fables may be used as a means of conveying valuable lessons to grown-up men, for it is to men and not children that he appeals. Such a claim could never have been made good. It is an attempt "to make a drink for strong men out of the sugared milk on which children thrive." Among the Greeks of the best period fable played the same

[†] In Bk. I. there are twenty-nine fables proper out of thirty-one; in Bk. II., five out of eight; in Bk. III., nine out of nineteen; in Bk. IV., thirteen out of twenty-two; in Bk. V., four out of six.

[†] e.g. Lessing, Abhandlungen über die Fabeln.

part in literature, in oratory, and in cultured conversation that is now taken by the apt quotation or the pithy anecdote; it pointed a moral or rounded off an argument. At a later period it became the favourite exercise ground for the teacher of rhetoric.

But we have changed all this. The modern schoolboy writes his essay on the relative merits of football and cricket, or discusses the historical novel, or the British constitution. To invent a fable is no longer the fashion; we know too much about the ways of birds and beasts to tolerate the crude conventional types that satisfied our ancestors. We have relegated the fable to the nursery, and even there the critical spirit of the young generation gives it an uneasy resting place.

The other claim advanced by Phaedrus is a literary claim. Aesopus auctor quam materiam REPPE-RIT, hanc ego polivi versibus senariis, "Aesop's Claims. rough material I have polished."* And again, invenit ille, nostra perfecit manus, + "Aesop invented. I perfected." In other words, he claims to have taken the rough material handed down by Aesop and other fable makers, and to have given it literary form and value. This claim he still further expands. "If Rome recognizes my genius," he says, "she will have more great writers to compare with the great ones of Greece." # "If Phrygian Aesop and Scythian Anacharsis could win eternal fame by their writings, why should not I try to gain glory for my country, I who am nearer akin to Greece than they, I who am of the same race as Linus, son of Apollo, and Orpheus, son of the Muse." §

These claims are expressed in an extravagant manner, but

* I. Prol. 1. † IV. xxi. \$. ‡ JI. Epil. 8. § III. Prol. 52. they are based on real literary merit. His subject-matter is poor enough, trite, conventional, and rarely Style. relieved by a touch of humour or a brilliant thought; but the form is admirable. He is a master of the art of terse expression; his language is pure, simple and direct. "Whether in language or in the general style of his fables, Phaedrus may be ranked among the best writers of Rome; the Latin of the fables is the pure undebased Latin of the best period of the golden, not the silver age. . . . The style of the fables is admitted to be excellent. The story is told naturally and without effort or parade of words, contrasting very favourably with Avianus, whose aim is to show off his command of Vergilian diction and the grand style. . . . In Phaedrus the narrative is uniform, equable, and with a certain charm which lingers in the memory." *

The metre used by Phaedrus is the iambic trimeter of Roman comedy, called the 'impure iambic' to distinguish it from the stricter iambic of Greek tragedy and such Roman poets as Catullus and Horace. The spondee (and its equivalents the dactyl and anapaest) are found in every foot except the last, but Phaedrus is careful not to overweight his lines with spondees, and in the variety and polish of his lines shows consummate skill.†

^{*} Robinson Ellis.

A short summary of the Metrical Laws of Phaedrus will be found in the Introd to L. Müller's editions.

PHAEDRI

AVGVSTI LIBERTI

FABVLARVM AESOPIARVM

LIBER PRIMVS.

Aesopus auctor quam materiam repperit, hanc ego polivi versibus senariis. duplex libelli dos est: quod risum movet et quod prudenti vitam consilio monet. calumniari si quis autem voluerit, quod arbores loquantur, non tantum ferae, fictis iocari nos meminerit fabulis.

I. LVPVS ET AGNVS.

Ad rivum eundem lupus et agnus venerant siti compulsi ; superior stabat lupus 5

latro incitatus iurgii causam intulit.

'cur,' inquit, 'turbulentam fecisti mihi 5
aquam bibenti?' laniger contra timens:

'qui possum, quaeso, facere, quod quereris, lupe?
a te decurrit ad meos haustus liquor.'
repulsus ille veritatis viribus:

'ante hos sex menses male,' ait, 'dixisti mihi.' 10
respondit agnus: 'equidem natus non eram.'

'pater hercle tune tuus,' inquit, 'male dixit mihi.'
atque ita correptum lacerat iniusta nece.

Haec propter illos scripta est homines fabula, qui fictis causis innocentes opprimunt.

15

5

O

II. RANAE REGEM PETIERVNT.

Athenae cum florerent aequis legibus, procax libertas civitatem miscuit frenumque solvit pristinum licentia. hic conspiratis factionum partibus arcem tyrannus occupat Pisistratus. cum tristem servitutem flerent Attici (non quia crudelis ille, sed quoniam grave est omne insuetis onus) et coepissent queri, Aesopus talem tum fabellam rettulit.

Ranae vagantes liberis paludibus clamore magno regem petiere a Iove, qui dissolutos mores vi compesceret.

pater deorum risit atque illis dedit parvum tigillum, missum quod subito vadis motu sonoque terruit pavidum genus. 15 hoc mersum limo cum lateret diutius, forte una tacite profert e stagno caput et explorato rege cunctas evocat. illae timore posito certatim adnatant superque lignum turba petulans insilit. 20 quod cum inquinassent omni contumelia, alium rogantes regem misere ad Iovem, inutilis quoniam esset, qui fuerat datus. tum misit illis hydrum, qui dente aspero corripere coepit singulas. frustra necem 25 fugitant inertes; vocem praecludit metus. furtim igitur dant Mercurio mandata ad Iovem, adflictis ut succurrat. tune contra dens · 'quia noluistis vestrum ferre,' inquit, 'bonum, malum perferte.' -- 'vos quoque, o cives,' ait, 30 'hoc sustinete, maius ne veniat, malum.'

III. GRACVLVS SVPERBVS ET PAVO.

Ne gloriari libeat alienis bonis suoque potins habitu vitam degere, Aesopus nobis hoc exemplum prodidit.

Tumens inani graculus superbia, pennas, pavoni quae deciderant, sustulit seque exornavit. deinde contemnens suos

15

5

5

se miscuit pavonum formoso gregi.
illi impudenti pennas eripiunt avi
fugantque rostris. male mulcatus graculus
redire macrens coepit ad proprium genus;
a quo repulsus tristem sustinuit notam.
tum quidam ex illis, quos prius despexerat:
'contentus nostris si fuisses sedibus
et quod natura dederat voluisses pati,
nec illam expertus esses contumeliam
nec hanc repulsam tua sentiret calamitas.'

IV. CANIS PER FLVVIVM CARNEM FERENS.

Amittit merito proprium qui alienum adpetit. Canis per flumen carnem cum ferret natans, lympharum in speculo vidit simulacrum suum, aliamque praedam ab alio cane ferri putans eripere voluit: verum decepta aviditas et quem tenebat ore dimisit cibum, nec quem petebat potuit dente attingere.

V. VACCA, CAPELLA, OVIS ET LEO.

Numquam est fidelis cum potențe societas: testatur haec fabella propositum meum.

Vacca et capella et patiens ovis iniuriae socii fuere cum leone in saltibus. lii cum cepissent cervum vasti corporis, sic est locutus partibus factis leo:

5

'ego primam tollo, nominor quoniam leo; secundam, quia sum fortis, tribuctis mihi; tum, quia plus valeo, me sequetur tertia; malo adficietur, si quis quartam tetigerit!' sic totam praedam sola improbitas abstulit.

VI. RANAE AD SOLEM.

Vicini furis celebres vidit nuptias Aesopus et continuo narrare incipit:

'Uxorem quondam Sol cum vellet ducere, clamorem ranae sustulere ad sidera. convicio permotus quaerit Iuppiter causam querelae. quaedam tum stagni incola: 'nunc,' inquit, 'omnes unus exurit lacus cogetque miseras arida sede emori. quidnam futurum est, si crearit liberos?'

VII. VVLPES AD PERSONAM TRAGICAM.

Personam tragicam forte vulpes viderat:

'o quanta species,' inquit, 'cerebrum non habet!'

Hoe illis dictum est, quibus honorem et abriem

Hoc illis dictum est, quibus honorem et gloriam fortuna tribuit, sensum communem abstulit.

VIII. LVPVS ET GRVIS.

Qui pretium meriti ab improbis desiderat, bis peccat: primum quoniam indignos adiuvat; impune abire deinde quia iam non potest.

10

Os devoratum fauce cum haereret lupi, magno dolore victus coepit singulos inlicere pretio, ut illud extraherent malum. tandem persuasa est iure iurando gruis, gulaeque credens colli longitudinem periculosam fecit medicinam lupo. a quo cum pactum flagitaret praemium: 'ingrata es,' inquit, 'ore quae nostro caput incolume abstuleris et mercedem postules.'

dix. Passer ad Leporem Consiliator.

Sibi non eavere et aliis consilium dare stultum esse paucis ostendemus versibus.

Oppressum ab aquila et fletus edentem graves leporem obiurgabat passer: 'ubi pernicitas nota,' inquit, 'illa est? quid ita cessarunt pedes?' 5 dum loquitur, ipsum accipiter necopinum rapit questuque vano clamitantem interficit. lepus semianimus: 'mortis en solacium! qui modo securus nostra inridebas mala, simili quercla fata deploras tua.'

X. LVPVS ET VVLPES IVDICE SIMIO.

Quicumque turpi fraude semel innotuit, etiam si verum dicit, amittit fidem. hoc adtestatur brevis Aesopi fabula.

Lupus arguebat vulpem furti crimine;

ιo

5

10

15

negabat illa se esse culpae proximam. tunc iudex inter illos sedit simius. uterque causam cum perorassent suam, dixisse fertur simius sententiam: 'tu non videris perdidisse quod petis; te credo subripuisse quod pulchre negas.'

XI. ASINVS ET LEO VENANTES.

Virtutis expers verbis iactans gloriam ignotos fallit, notis est derisui.

Venari asello comite cum vellet leo, contexit illum frutice et admonuit simul, ut insueta voce terreret feras, fugientes ipse exciperet. hic auritulus elamorem subito tollit totis viribus novoque turbat bestias miraculo. quae dum paventes exitus notos petunt, leonis adfliguntur horrendo impetu. qui postquam caede fessus est, asinum evocat inbetque vocem premere. tune ille insolens: 'qualis videtur opera tibi vocis meae?' 'insignis,' inquit, 'sie, ut, nisi nossem tuum animum genusque, simili fugissem metu.'

XII. CERVVS AD FONTEM,

Laudatis utiliora, quae contempseris, saepe inveniri haec eruit narratio.

Ad fontem cervus, cum bibisset, restitit et in liquore vidit effigiem suam. ibi dum ramosa mirans laudat cornua 5 crurumque nimiam tenuitatem vituperat. venantum subito vocibus conterritus per campum fugere coepit et cursu levi canes elusit. silva tum excepit ferum, in qua retentis impeditus cornibus īΟ lacerari coepit morsibus saevis canum. tune moriens vocem hanc edidisse dicitur: 'o me infelicem! qui nunc demum intellego, utilia mihi quam fuerint, quae despexeram, et, quae laudaram, quantum luctus habuerint.' 15

XIII. VVLPES ET CORVVS.

5

ΙO

Qui se laudari gaudet verbis subdolis, sera dat poenas turpes paenitentia.

Cum de fenestra corvus raptum caseum comesse vellet, celsa residens arbore, vulpes hunc vidit, deinde sic coepit loqui: 'o qui tuarum, corve, pinnarum est nitor! quantum decoris corpore et vultu geris! si vocem haberes, nulla prior ales foret.' at ille stultus dum vult vocem ostendere, emisit ore caseum, quem celeriter dolosa vulpes avidis rapuit dentibus. tum demum ingemuit corvi deceptus stupor.

10

15

[Hac re probatur ingenium quantum valet.] [Virtute semper praevalet sapientia.]

XIV. EX SVTORE MEDICVS.

Malus cum sutor inopia deperditus medicinam ignoto facere coepisset loco et venditaret falso antidotum nomine. verbosis adquisivit sibi famam strophis. hic cum iaceret morbo confectus gravi rex urbis, eius experiendi gratia scyphum poposcit: fusa dein simulans aqua antidoto illius se miscere toxicum. ebibere iussit ipsum posito praemio. timore mortis ille tum confessus est. non artis ulla medicae se prudentia, verum stupore vulgi factum nobilem. rex advocata contione haec edidit: 'quantae putatis esse vos dementiae, qui capita vestra non dubitatis credere, cui calceandos nemo commisit pedes?'

Hoe pertinere vere ad illos dixerim, quorum stultitia quaestus impudentiae est.

XV. ASINVS AD SENEM PASTOREM.

In principatu commutando saepius nil praeter domini nomen mutant pauperes. id esse verum parva hacc fabella indicat. Asellum in prato timidus pascebat senex.
is hostium clamore subito territus 5
suadebat asino fugere, ne possent capi.
at ille lentus: 'quaeso, num binas mihi
clitellas impositurum victorem putas?'
senex negavit. 'ergo quid refert mea
cui serviam, clitellas dum portem meas?'

XVI. OVIS, CERVVS ET LVPVS.

Fraudator homines cum vocat sponsum improbos, non rem expedire, sed mala inferre expetit.

5

5

Ovem rogabat cervus modium tritici lupo sponsore. at illa praemetuens dolum: 'rapere atque abire semper adsuevit lupus, tu de conspectu fugere veloci impetu: ubi vos requiram, cum dies advenerit?'

XVII. OVIS, CANIS ET LVPVS.

Solent mendaces luere poenas malefici.
Calumniator ab ove cum peteret canis
quem commodasse panem se contenderet,
lupus, citatus testis, non unum modo
deberi dixit, verum adfirmavit decem.
ovis damnata falso testimonio
quod non debebat solvit. post paucos dies
bidens iacentem in fovea conspexit lupum.
'haec,' inquit, 'merces fraudis a superis datur.'

XIX. CANIS PARTURIENS.

Habent insidias hominis blanditiae mali: quas ut vitemus, versus subiecti monent.

Canis parturiens cum rogasset alteram, ut fetum in eius tugurio deponeret, facile impetravit: dein reposcenti locum preces admovit, tempus exorans breve, dum firmiores catulos posset ducere. hoc quoque consumpto flagitare validius ubi coepit illa: 'si mihi et turbae meae par,' inquit, 'esse potueris, cedam loco.'

10

5

XX. CANES FAMELICL

Stultum consilium non modo effectu caret, sed ad perniciem quoque mortales devocat.

Corium depressum in fluvio viderunt canes. id ut comesse extractum possent facilius, aquam coepere ebibere: sed rupti prius periere, quam quod petierant contingerent.

5

XXI, LEO SENEX, APER, TAVRVS ET ASIXVS.

Quicumque amisit dignitatem pristinam, ignavis etiam iocus est in casu gravi.

Defectus annis et desertus viribus leo cum iaceret spiritum extremum trahens, aper fulmineis ad eum venit dentibus

5

et vindicavit ictu veterem iniuriam. infestis taurus mox confodit cornibus hostile corpus. asinus, ut vidit ferum impune laedi, calcibus frontem extudit. at ille exspirans: 'fortes indigne tuli mihi insultare : te. naturae dedecus. quod ferre cogor, certe bis videor mori.'

XXII. MVSTELA ET HOMO.

10

5

10

Mustela ab homine prensa cum instantem necem effugere vellet: 'parce, quaeso,' inquit, 'mihi, quae tibi molestis muribus purgo domum.' respondit ille: 'faceres si causa mea, gratum esset et dedissem veniam supplici. nunc quia laboras, ut fruaris reliquiis, quas sunt rosuri, simul et ipsos devores, noli imputare vanum beneficium mihi.' atque ita locutus improbam leto dedit.

Hoc in se dictum debent illi agnoscere, quorum privata servit utilitas sibi, et meritum inane iactant imprudentibus.

XXIII. CANIS FIDELIS.

Repente liberalis stultis gratus est, verum peritis inritos tendit dolos.

Nocturnus cum fur panem misisset cani, obiecto temptans an cibo posset capi:

5

ιo

5

'heus,' inquit, 'linguam vis meam praecludere, ne latrem pro re domini! multum falleris namque ista subita me iubet benignitas vigilare, facias ne mea culpa lucrum.'

XXIV. RANA RVPTA ET BOS.

Inops, potentem dum vult imitari, perit.
In prato quondam rana conspexit bovem
et tacta invidia tantae magnitudinis
rugosam inflavit pellem: tum natos suos
interrogavit, an bove esset latior.
illi negarunt. rursus intendit cutem
maiore nisu, et simili quaesivit modo,
quis maior esset. illi dixerunt bovem.
novissime indignata dum vult validius
inflare sese. rupto iacuit corpore.

XXV. CANES ET CORCODILI.

Consilia qui dant prava cautis hominibus, et perdunt operam et deridentur turpiter.

Canes currentes bibere ex Nilo flumine, a corcodilis ne rapiantur, traditum est. igitur cum currens bibere coepisset canis, sic corcodilus: 'quamlibet lambe otio; noli vereri.' at ille: 'facerem me hercules, nisi esse scirem carais te cupidum meae.'

XXVI. VVLPES ET CICONIA.

Nulli nocendum, si quis vero laeserit, multandum simili iure fabella admonet.

Vulpes ad cenam dicitur ciconiam prior invitasse et illi in patina liquidam posuisse sorbitionem, quam nullo modo gustare esuriens potuerit ciconia.
quae vulpem cum revocasset, intrito cibo plenam lagonam posuit: huic rostrum inserens satiatur ipsa et torquet convivam fame.
quae cum lagonae collum frustra lamberet, peregrinam sic locutam volucrem accepimus: 'sua quisque exempla debet aequo animo pati.'

5

τo

XXVII. CANIS ET THESAVRVS ET VVLTVRIVS.

Haec res avaris esse conveniens potest et qui humiles nati dici locupletes student.

Humana effodiens ossa thesaurum canis
invenit et, violarat quia Manes deos,
iniecta est illi divitiarum cupiditas,
poenas ut sanctae Religioni penderet.
itaque aurum dum custodit, oblitus cibi
fame est consumptus. quem stans vulturius super
fertur locutus: 'o canis, merito iaces,
qui concupisti subito regales opes,
trivio conceptus, educatus stercore!'

10

5

ıο

XXVIII. VVLPES ET AQVILA.

Quamvis sublimes debent humiles metuere, vindicta docili quia patet sollertiae.

Vulpinos catulos aquila quondam sustulit nidoque posuit pullis, escam ut carperent. hanc prosecuta mater orare incipit, ne tantum miserae luctum importaret sibi. contempsit illa, tuta quippe ipso loco. vulpes ab ara rapuit ardentem facem totamque flammis arborem circumdedit, hosti dolorem damno miscens sanguinis. aquila ut periclo mortis eriperet suos, incolumes natos supplex vulpi tradidit.

XXX. RANAE METVENTES TAVRORVM PROELIA.

Humiles laborant, ubi potentes dissident.
Rana in palude pugnam taurorum intuens:
'heu quanta nobis instat pernicies!' ait.
interrogata ab alia, cur hoc diceret,
de principatu cum illi certarent gregis
longeque ab ipsis degerent vitam boves:
'est statio separata ac diversum genus;
sed pulsus regno nemoris qui profugerit,
paludis in secreta veniet latibula
et proculcatas obteret duro pede.
ita caput ad nostrum furor illorum pertinet.'

XXXI. MILVVS ET COLVMBAE.

Qui se committit homini tutandum improbo, auxilia dum requirit, exitium invenit.

5

IO.

5

Columbae saepe cum fugissent miluum et celeritate pinnae vitassent necem, consilium raptor vertit ad fallaciam et genus inerme tali decepit dolo: 'quare sollicitum potius aevum ducitis, quam regem me creatis icto foedere, qui vos ab omni tutas praestem iniuvia?' illae credentes tradunt sese miluo; qui regnum adeptus coepit vesci singulas et exercere imperium saevis unguibus. tunc de relicuis una: 'merito plectimur, quae nostram vitam tali credidimus duci.'

LIBER SECVNDVS.

AVCTOR.

Exemplis continetur Aesopi genus; nec aliud quicquam per fabellas quaeritur, quam corrigatur error ut mortalium acuatque sese diligens industria. quicumque fuerit ergo narrandi iocus, dum capiat aurem et servet propositum suum, re commendatur, non auctoris nomine.

15

5

10

equidem omni cura morem servabo senis; sed si libuerit aliquid interponere, dictorum sensus ut delectet varietas, bonas in partes, lector, accipias velim ita, si rependet illam brevitas gratiam.

Cuius verbosa ne sit commendatio, attende, cur negare cupidis debeas, modestis etiam offerre, quod non petierint.

I. IVVENCVS, LEO ET PRAEDATOR.

Super iuvencum stabat deiectum leo. praedator intervenit partem postulans. 'darem,' inquit, 'nisi soleres per te sumere': et improbum reiecit. forte innoxius viator est deductus in eundem locum feroque viso rettulit retro pedem. cui placidus ille: 'non est quod timeas,' ait; 'sed, quae debetur pars tuae modestiae, audacter tolle!' tune diviso tergore silvas petivit, homini ut accessum daret.

Exemplum egregium prorsus et laudabile; verum est aviditas dives et pauper pudor.

II. ANVS DILIGENS IVVENEM, ITEM PVELLA.

A feminis utcumque spoliari viros, ament, amentur, nempe exemplo discimus.

13

10

5

5

Aetatis mediae quendam mulier non rudis tenebat annos celans elegantia, animosque ciusdem pulchra iuvenis ceperat. ambae, videri dum volunt illi pares, capillos homini legere coepere invicem. qui se putaret fingi cura mulierum, calvus repente factus est; nam funditus canos puella, nigros anus evellerat.

III. AESOPVS AD QVENDAM DE SVCCESSV IMPROBORVM.

Laceratus quidam morsu vehementi canis tinctum cruore panem misit malefico, audierat esse quod remedium vulneris. tunc sic Aesopus: 'noli coram pluribus hoc facere canibus, ne nos vivos devorent, cum scierint esse tale culpae praemium.'

Successus improborum plures adlicit.

IV. AQVILA, FELES ET APER.

Aquila in sublimi quercu nidum fecerat; feles cavernam nancta in media pepererat; sus nemoris cultrix fetum ad imam posucrat. tum fortuitum feles contubernium fraude et scelesta sic evertit malitia. ad nidum scandit volucris: 'pernicies,' ait, 'tibi paratur, forsan et miserae mihi;

nam fodere terram quod vides cotidie aprum insidiosum, quercum vult evertere, ut nostram in plano facile progeniem opprimat. terrore offuso et perturbatis sensibus derepit ad cubile setosae snis: 'magno,' inquit, 'in periclo sunt nati tui; nam, simul exieris pastum cum tenero grege, aquila est parata rapere porcellos tibi.' 15 hunc quoque timore postquam complevit locum, dolosa tuto condidit sese cavo. inde evagata noctu suspenso pede, ubi esca se replevit et prolem suam, pavorem simulans prospicit toto die. 20 ruinam metuens aquila ramis desidet; aper rapinam vitans non prodit foras. quid multa? inedia sunt consumpti cum suis felisque catulis largam praebuerunt dapem.

Quantum homo bilinguis saepe concinnet mali, 25 documentum habere stulta credulitas potest.

V. TI. CAESAR AD ATRIENSEM.

Est ardalionum quaedam Romae natio, trepide concursans, occupata in otio, gratis anhelans, multa agendo nil agens, sibi molesta et aliis odiosissima. hanc emendare, si tamen possum, volo vera fabella: pretium est operae adtendere.

Caesar Tiberius cum petens Neapolini in Misenensem villam venisset suam, quae monte summo posita Luculli manu prospectat Siculum et respicit Tuscum mare: 10 ex alticinctis unus atriensibus. cui tunica ab umeris linteo Pelusio erat destricta, cirris dependentibus, perambulante laeta domino viridia alveolo coepit ligneo conspargere 15 humum aestuantem, iactans officium leve; sed deridetur, inde notis flexibus praecurrit alium in xystum, sedans pulverem. agnoscit hominem Caesar remque intellegit. ille ut putaret esse nescio quid boni: 20 'heus!' inquit dominus. ille enimyero adsilit, donationis alacer certae gaudio. tum sic iocata est tanti maiestas ducis: 'non multum egisti et opera nequiquam perit; multo maioris alapae mecum veneunt.' 25

VI. AQVILA ET CORNIX.

5

Contra potentes nemo est munitus satis; si vero accessit consiliator maleficus, vis et nequitia quicquid oppugnant, ruit.

Aquila in sublime sustulit testudinem. quae cum abdidisset cornea corpus domo nec ullo pacto laedi posset condita,

15

venit per auras cornix et propter volans:
'opimam sane praedam rapuisti unguibus:
sed nisi monstraro quid sit faciendum tibi,
gravi nequiquam te lassabit pondere.'
promissa parte suadet, ut scopulum super
altis ab astris duram inlidat corticem,
qua comminuta facili vescatur cibo.
inducta verbis aquila. monitis paruit,
simul et magistrae large divisit dapem.
sic tuta quae naturae fuerat munere,
impar duabus occidit tristi nece.

VII. MVLI DVO ET RAPTORES.

Muli gravati sarcinis ibant duo:
unus ferebat fiscos cum pecunia.
alter tumentes multo saccos hordeo.
ille onere dives celsa cervice eminet
clarumque collo iactat tintinnabulum: 5
comes quieto sequitur et placido gradu.
subito latrones ex insidiis advolant
interque caedem ferro in illum incursitant,
diripiunt nummos: neglegunt vile hordeum.
spoliatus igitur casus cum fleret suos: 10
'equidem,' inquit alter, 'me contemptum gaudeo,
nam nil amisi nec sum laesus vulnere.'

Hoc argumento tuta est hominum tenuitas ; magnae periclo sunt opes obnoxíae.

VIII. CERVVS ET BOVES.

5

TO

15

20

25

Cervus nemorosis excitatus latibulis, ut venatorum fugeret instantem necem, caeco timore proximam villam petit et opportuno se bovili condidit hie bos latenti: 'quidnam voluisti tibi, infelix, ultro qui ad necem cucurreris hominumque tecto spiritum commiseris?' at ille supplex: 'vos modo,' inquit, 'parcite; occasione rursus erumpam data.' spatium diei noctis excipiunt vices. frondem bubulcus adfert, nil ideo videt. cunt subinde et redeunt omnes rustici: nemo animadvertit. transit etiam vilicus: nec ille quicquam sentit. tum gaudens ferus bubus quietis agere coepit gratias, hospitium adverso quod praestiterint tempore. respondit unus : 'salvum te cupimus quidem ; sed ille, qui oculos centum habet, si venerit, magno in periclo vita vertetur tua.' haec inter ipse dominus a cena redit, et quia corruptos viderat nuper boves, accedit ad praesepe: 'eur frondis parum est? stramenta desunt! tollere haec aranea quantum est laboris?' dum scrutatur singula, cervi quoque alta est conspicatus cornua; quem convocata iubet occidi familia

IO

15

praedamque tollit.—haec significat fabula, dominum videre plurimum in rebus suis.

AVCTOR.

Aesopi ingenio statuam posuere Attici servumque collocarunt aeterna in basi, patere honoris scirent ut cuncti viam nec generi tribui, sed virtuti, gloriam. quoniam occuparat alter, ne primus forem, ne solus esset, studui (quod superfuit): nec haee invidia, verum est aemulatio. quod si labori faverit Latium meo, plures habebit, quos opponat Graeciae. sin livor obtrectare curam voluerit, non tamen eripiet laudis conscientiam. si nostrum studium ad aures cultas pervenit et arte fictas animus sentit fabulas, omnem querelam submovet felicitas. sin autem rabulis doctus occurrit labor, sinistra quos in lucem natura extulit [nec quicquam possunt nisi meliores carpere]. fatale vitium corde durato feram. donee fortunam criminis pudeat sui.

LIBER TERTIVS.

PHAEDRYS AD EVTYCHVM.

5

10

15

20

Phaedri libellos legere si desideras, vaces oportet, Eutvche, a negotiis. ut liber animus sentiat vim carminis. 'verum,' inquis, 'tanti non est ingenium tuum momentum ut horae pereat officiis meis.' non ergo causa est manibus id tangi tuis, quod occupatis auribus non convenit. fortasse dices : 'aliquae venient feriae. quae me soluto pectore ad studium vocent legesne, quaeso, potius viles nenias, impendas curam quam rei domesticae, reddas amicis tempora, uxori vaces, animum relaxes, otium des corpori, nt adsuetam fortius praestes vicem?' mutandum tibi propositum est et vitae genus, intrare si Musarum limen cogitasego, quem Pierio mater enixa est ingo, in quo Tonanti saneta Mnemosyne Iovi fecunda novies artium peperit chorum, quamvis in ipsa paene natus sim schola curamque habendi penitus corde eraserim et laude invicta vitam in hanc incubuerim. fastidiose tamen in coetum recipior. quid credis illi accidere, qui magnas opes

exaggerare quaerit omni vigilia, docto labori vile praeponens lucrum? sed iam 'quodcumque fuerit' (ut dixit Sinon, ad regem cum Dardaniae perductus foret), librum exarabo tertium Aesopi stilo, honori et meritis dedicans illum tuis. quem si leges, laetabor; sin autem minus, habebunt certe, quo se oblectent, posteri.

Nunc, fabularum cur sit inventum genus, brevi docebo. servitus obnoxia. quia quae volebat non andebat dicere, 35 adfectus proprios in fabellas transtulit calumniamque fictis elusit iocis. ego porro illius semita feci viam et cogitavi plura quam reliquerat,in calamitatem deligens quaedam meam! 40 quod si accusator alius Seiano foret, si testis alius, index alius denique, dignum faterer esse me tantis malis, nec his dolorem delenirem remediis. suspitione si quis errabit sua 45 et rapiet ad se, quod erit commune omnium, stulte nudabit animi conscientiam. huic excusatum me velim nihilo minus: neque enim notare singulos mens est mihi, verum ipsam vitam et mores hōminum ostendere. 50

Rem me professum dicet forsan quis gravem, si Phryx Aesopus potuit, si Anacharsis Scytha

60

5

acternam famam condere ingenio suo: ego. litteratae qui sum propior Graeciae, cur somno inerti deseram patriae decus? Threissa cum gens numeret auctores suos, Linoque Apollo sit parens, Musa Orpheo, qui saxa cantu movit et domuit feras Hebrique tenuit impetus dulci mora. ergo hine abesto, Livor, ne frustra gemas, quoniam sollemnis mihi debetur gloria.

Induxi te ad legendum; sincerum mihi candore noto reddas iudicium peto.

I. ANVS AD AMPHORAM.

Anus iacere vidit epotam amphoram, adhuc Falerna faece e testa nobili odorem quae iucundum late spargeret. hunc postquam totis avida traxit naribus: 'o suavis anima! quale in te dicam bonum antehac fuisse, tales cum sint reliquiae?'

Hoc quo pertineat, dicet, qui me noverit.

II. PANTHERA ET PASTORES.

Solet a despectis par referri gratia.

Panthera imprudens olim in foveam decidit.
videre agrestes: alii fustes congerunt,
alii onerant saxis; quidam contra miseriti

periturae quippe, neminem quae laeserat, 5 misere panem, ut sustineret spiritum. nox insecuta est: abeunt securi domum, quasi inventuri mortuam postridie. at illa, vires ut refecit languidas, veloci saltu fovea sese liberat 10 et in cubile concito properat gradu. paucis diebus interpositis provolat, pecus trucidat, ipsos pastores necat, et cuncta vastans saevit irato impetu. tum sibi timentes, qui ferae pepercerant, 15 damnum haud recusant, tantum pro vita rogant. at illa: 'memini quis me saxo petierit, quis panem dederit : vos timere absistite ; illis revertor hostis, qui me laeserunt.'

IV. LANIVS ET SIMIVS.

Pendere ad lanium quidam vidit simium, inter relicuas merces atque obsonia; quaesivit, quidnam saperet? tum lanius iocans: 'quale,' inquit, 'caput est, talis praestatur sapor.'

Ridicule magis hoc dictum quam vere aestimo; 5 quando et formosos saepe inveni pessimos, et turpi facie multos cognovi optimos.

V. AESOPVS ET PETVLANS.

Successus ad perniciem multos devocat. Aesopo quidam petulans lapidem impegerat. 'tanto,' inquit, 'melior!' assem deinde illi dedit, sic prosecutus: 'plus non habeo me hercules, 'sed, unde accipere possis, monstrabo tibi. 5 venit ecce dives et potens: huic similiter impinge lapidem, et dignum accipies praemium.' persuasus ille fecit, quod monitus fuit; sed spes fefellit impudentem andaciam: comprensus namque poenas persolvit eruce.

VI. MVSCA ET MVLA.

Musca in temone sedit et mulam increpans
'quam tarda es!' inquit, 'non vis citius progredi?
vide ne dolone collum compungam tibi.'
respondit illa: 'verbis non moveor tuis;
sed istum timeo, sella qui prima sedens
tergum flagello temperat lento meum
et ora frenis continet spumantibus.
quapropter aufer frivolam insolentiam;
namque ubi tricandum et ubi currendum sit scio.'

Hac derideri fabula merito potest, qui sine virtute vanas exercet minas.

VII. LVPVS AD CANEM.

Quam dulcis sit libertas, breviter projoquar. Cani perpasto macie confectus lupus forte occucurrit. dein salutatum invicem ut restiterunt: 'unde sic, quaeso, nites? aut que cibo fecisti tantum corporis?

5

ego, qui sum longe fortior, perco fame.' canis simpliciter: 'eadem est condicio tibi, praestare domino si par officium potes.' 'quod ?' inquit ille. 'custos ut sis liminis, a furibus tuearis et noctu domum.' 10 'ego vero sum paratus: nunc patior nives imbresque in silvis asperam vitam trahens: quanto est facilius mihi sub tecto vivere et otiosum largo satiari cibo!' 'veni ergo mecum!' dum procedunt, aspicit 15 lupus a catena collum detritum canis. 'unde hoc, amice?' 'nihil est.' 'dic, quaeso, tamen!' 'quia videor acer, alligant me interdiu, luce ut quiescam et vigilem, nox cum venerit: crepusculo solutus, qua visum est, vagor. 20 adfertur ultro panis; de mensa sua dat ossa dominus : frusta iactat familia et, quod fastidit quisque, pulmentarium. sic sine labore venter impletur meus.' 'age, si quo abire est animus, est licentia?' 25 'non plane est,' inquit. 'fruere, quae laudas, canis : regnare nolo, liber ut non sim mihi.'

VIII. SOROR ET FRATER.

Praecepto monitus saepe te considera. Habebat quidam filiam turpissimam idemque insignem pulchra facie filium. hi speculum in cathedra matris ut positum fuit pueriliter ludentes forte inspexerunt. 5 hic se formosum jactat : illa irascitur nec gloriantis sustinct fratris iocos, accipiens quippe cuncta in contumeliam. ergo ad patrem decurrit laesura invicem magnaque invidia criminatur filium, 10 vir natus quod rem feminarum tetigerit. amplexus ille utrumque et carpens oscula dulcemque in ambos caritatem partiens: 'cotidie,' inquit, 'speculo vos uti volo: tu formam ne corrumpas nequitiae malis; 15 tu faciem ut istam moribus vincas bonis!'

IX. SOCRATES DE AMICIS.

Vulgare amici nomen, sed rara est fides. Cum parvas aedes sibi fundasset Socrates (cuius non fugio mortem, si famam adsequar, et cedo invidiae, dummodo absolvar cinis), ex populo sic nescio quis, ut fieri solet: 'quaeso, tam angustam talis vir ponis domum?' 'utinam,' inquit, 'veris hanc amicis impleam!'

5

XII. PVLLVS AD MARGARITAM.

In sterculino pullus gallinaceus dum quaerit escam, margaritam repperit. 'iaces indigno quanta res,' inquit, 'loco!

5

10

15

hoc si quis pretii cupidus vidisset tui,
olim redisses ad splendorem pristinum.
ego quod te inveni, potior cui multo est cibus.
nec tibi prodesse nec mihi quicquam potest.'
Hoc illis narro, qui me non intellegunt.

XIII. APES ET FVC! VESPA IVDICE.

Apes in alta fecerant quercu favos:
hos fuci inertes esse dicebant suos.
lis ad forum deducta est, vespa iudice.
quae genus utrumque nosset cum pulcherrime,
legem duabus hanc proposuit partibus:
'non inconveniens corpus et par est color,
in dubium plane res ut merito venerit.
sed ne religio peccet imprudens mea,
alvos accipite et ceris opus infundite,
ut ex sapore mellis et forma favi,
de quis nunc agitur, auctor horum appareat.'
fuci recusant: apibus condicio placet.
tunc illa talem protulit sententiam:
'apertum est, quis non possit et quis fecerit.
quapropter apibus fructum restituo suum.'

Hanc praeterissem fabulam silentio, si pactam fuci non recusassent fidem.

XIV. DE LVSV ET SEVERITATE.

Puerorum in turba quidam ludentem Atticus Aesopum nucibus cum vidisset, restitit et quasi delirum risit. quod sensit simul derisor potius quam deridendus senex, arcum retensum posuit in media via: 5 'heus!' inquit, 'sapiens, expedi, quid fecerim!' concurrit populus. ille se torquet din nec quaestionis positae causam intellegit. novissime succumbit. tum victor sophus: 'cito rumpes arcum, semper si tensum habueris; 10 at si laxaris. cum voles, erit utilis.'

Sic lusus animo debent aliquando dari, ad cogitandum melior ut redeat tibi.

XV. CANIS AD AGNVM.

Inter capellas agno palanti canis:

'stulte,' inquit, 'erras; non est hac mater tua,'
ovesque segregatas ostendit procul.

'non illam quaero, quae, cum libitum est, concipit,
verum illam, quae me nutrit admoto ubere
fraudatque natos lacte, ne desit mihi.'

'tamen illa est potior, quae te peperit.' 'non ita est.
unde illa scivit, niger an albus nascerer?
age porro: parere si voluisset feminam,
quid profecisset, cum crearer masculus?

to
beneficium magnum sane natali dedit,
ut exspectarem lanium in horas singulas!
cuins potestas nulla in gignendo fuit,

5

IΩ

15

cur hac sit potior, quae iacentis miserita est dulcemque sponte praestat benivolentiam? facit parentes bonitas, non necessitas.'

His demonstrare voluit auctor versibus, obsistere homines legibus, meritis capi.

XVI. CICADA ET NOCTVA.

Humanitati qui se non accommodat, plerumque poenas oppetit superbiae.

Cicada acerbum noctuae convicium faciebat, solitae victum in tenebris quaerere cavoque ramo capere somnum interdiu. rogata est, ut taceret. multo validius clamare coepit. rursus admota prece accensa magis est. noctua ut vidit sibi nullum esse auxilium et verba contemni sua. hac est adgressa garrulam fallacia: 'dormire quia me non sinunt cantus tui, sonare citharam quos putas Apollinis, potare est animus nectar, quod Pallas mihi nuper donavit; si non fastidis, veni; una bibamus.' illa, quae arebat siti, simul cognovit vocem laudari suam, cupide advolavit. noctua egressa e cavo trepidantem consectata est et leto dedit. sic, viva quod negarat, tribuit mortua.

XVII ARBORES IN DEORYM TYTELA.

Olim, quas vellent esse in tutela sua, divi legerunt arbores. quercus Iovi, at myrtus Veneri placuit, Phoebo laurea, pinus Cybebae, populus celsa Herculi. Minerva admirans, quare steriles sumerent, interrogavit. causam dixit Iuppiter: 'honorem fructu ne videamur pendere.' 'at, me hercules, narrabit quod quis voluerit. oliva nobis propter fructum est gratior.' tunc sic deorum genitor atque hominum sator: 10 'o nata, merito sapiens dicere omnibus! nisi utile est quod facimus, stulta est gloria.'

5

Nihil agere, quod non prosit, fabella admonet.

XVIII. PAVO AD IVNONEM DE VOCE SVA.

Pavo ad Iunonem venit indigne ferens, cantus luscinii quod sibi non tribuerit; illum esse cunctis avibus admirabilem. se derideri, simul ac vocem miserit. tune consolandi gratia dixit dea: 'sed forma vincis, vincis magnitudine; nitor smaragdi collo praefulget tuo, pictisque pinnis gemmeam caudam explicas.' 'quo mi,' inquit, 'mutam speciem, si vincor sono?' 'fatorum arbitrio partes sunt vobis datae: TO

tibi forma, vires aquilae, luscinio melos, augurium corvo, laeva cornici omina, omnesque propriis sunt contentae dotibus.'

Noli adfectare quod tibi non est datum, delusa ne spes ad querelam receidat.

15

5

XIX. AESOPVS RESPONDET GARRVLO.

Aesopus domino solus cum esset familia, parare cenam iussus est maturius. ignem ergo quaerens, aliquot lustravit domus tandemque invenit, ubi lucernam accenderet. tum circum eunti fuerat quod iter longius, 5 effecit brevius: namque recta per forum coepit redire. et quidam ex turba garrulus: 'Aesope, medio sole quid cum lumine?' 'hominem,' inquit, 'quaero,' et abiit festinans domum.

Hoe si molestus ille ad animum rettulit, sensit profecto se hominem non visum seni, intempestive qui occupato adluserit.

POETA.

Supersunt mihi quae scribam, sed parco sciens: primum esse videar ne tibi molestior, distringit quem multarum rerum varietas; dein si quis eadem forte conari velit, habere ut possit aliquid operis residui:

15

20

25

30

quamvis materiae tanta abundet copia, labori faber ut desit, non fabro labor. brevitati nostrae praemium ut reddas, peto. quod es pollicitus : exhibe vocis fidem. nam vita morti propior est cotidie, et hoc minus perveniet ad me muneris, quo plus consumet temporis dilatio. si cito rem perages, usus fiet longior. [fruar diutius, si celerius cepero.] languentis aevi dum sunt aliquae reliquiae. auxilio locus est: olim senio debilem frustra adiuvare bonitas nitetur tua. cum iam desierit esse beneficium utile et mors vicina flagitabit debitum. stultum admovere tibi preces existimo, proclivis ultro cum sit misericordia. saepe impetravit veniam confessus reus: quanto innocenti iustius debet dari? tuae sunt partes; fuerunt aliorum prius; dein simili gyro venient aliorum vices. decerne quod religio, quod patitur fides. et graviter me tutare indicio tuo. excedit animus quem proposuit terminum; sed difficulter continetur spiritus. integritatis qui sincerae conscius a noxiorum premitur insolentiis. qui sint, requires? apparebunt tempore. ego, quondam legi quam puer sententiam

"palam muttire plebeio piaculum est," dum sanitas constabit, pulchre meminero.

35

LIBER QVARTVS.

POETA AD PARTICVLONEM.

Cum destinassem terminum operi statuere in hoc, ut aliis esset materiae satis, consilium tacito corde damnavi tamen. nam si quis talis etiam tituli est appetens, quovis pacto indagabit, quidnam omiserim, ut illud ipsum cupiat famae tradere, sua cuique cum sit animi cogitatio colorque proprius. ergo non levitas mihi, sed certa ratio causam scribendi dedit. quare, Particulo, quoniam caperis fabulis (quas Aesopias, non Aesopi, nomino, quia paucas ille ostendit, ego plures fero, usus vetusto genere, sed rebus novis), quartum libellum, dum vacabit, perleges. hunc obtrectare si volet malignitas, imitari dum non possit, obtrectet licet. mihi parta laus est, quod tu, quod similes tui vestras in chartas verba transfertis mea dignumque longa iudicatis memoria. inlitteratum plausum nec desidero.

15

20

I. ASINVS ET GALLI.

5

10

5

IO

Qui natus est infelix, non vitam modo tristem decurrit, verum post obitum quoque persequitur illum dura fati miseria.

Galli Cybebes circum in quaestus ducere asinum solebant baiulantem sarcinas. is cum labore et plagis esset mortuus, detracta pelle sibi fecerunt tympana. rogati mox a quodam, delicio suo quidnam fecissent, hoe iocati sunt modo: 'putabat se post mortem securum fore; ecce aliae plagae congeruntur mortuo!'

II. POETA.

Ioculare tibi videtur: et saue levi, dum nihil habemus maius, calamo ludimus. sed diligenter intuere has nenias: quantam sub illis utilitatem reperies! non semper ea sunt, quae videntur; decipit frons prima multos: rara mens intellegit, quod interiore condidit cura angulo. hoc ne locutus sine mercede existimer, fabellam adiciam de mustela et muribus.

Mustela cum annis et senecta debilis mures veloces non valeret adsequi, involvit se farina et obscuro loco abiecit neglegenter. mus escam putans

5

5

IO

adsiluit et comprensus occubuit neci. alter similiter periit, deinde et tertius. aliquot secutis venit et retorridus, qui saepe laqueos et muscipula effugerat; proculque insidias cernens hostis callidi: 'sic valeas,' inquit, 'ut farina es, quae iaces!'

, III. DE VVLPE ET VVA.

Fame coacta vulpes alta in vinea uvam adpetebat summis saliens viribus: quam tangere ut non potuit, discedens ait: 'nondum matura est; nolo acerbam sumere.'

Qui, facere quae non possunt, verbis elevant, adscribere hoc debebunt exemplum sibi.

IV. EQVVS ET APER.

Equus sedare solitus quo fuerat sitim, dum sese aper volutat, turbavit vadum. hinc orta lis est. sonipes iratus fero auxilium petiit hominis; quem dorso levans rediit ad hostem. iactis hunc telis eques postquam interfecit, sic locutus traditur: 'laetor tulisse auxilium me precibus tuis; nam praedam cepi et didici, quam sis utilis.' atque ita coegit frenos invitum pati. tum maestus ille: 'parvae vindictam rei dum quaero demens, servitutem repperi.'

Haec iracundos admonebit fabula, impune potius laedi quam dedi alteri.

VI. PVGNA MVRIVM ET MVSTELARVM.

Cum victi mures mustelarum exercitu (historia quorum et in tabernis pingitur) fugerent et artos circum trepidarent cavos, aegre recepti tamen evaserunt necem. duces eorum, qui capitibus cornua suis ligarant, ut conspicuum in proelio haberent signum, quod sequerentur milites, haesere in portis suntque capti ab hostibus; quos immolatos victor avidis dentibus capacis alvi mersit tartareo specu.

5

10

5

Quemcumque populum tristis eventus premit, periclitatur magnitudo principum; minuta plebes facili praesidio latet.

VII. PHAEDRVS.

Tu, qui, nasute, scripta destringis mea et hoc iocorum legere fastidis genus, parva libellum sustine patientia, severitatem frontis dum placo tuae. en in coturnis prodit Aesopus novis.

'Vtinam nec umquam Pelii nemoris iugo pinus bipinni coucidisset Thessala, nec ad professae mortis audacem viam

fabricasset Argus opera Palladia ratem,
inhospitalis prima quae ponti sinus
patefecit in perniciem Graium et barbarum!
namque et superbi luget Aeetae domus,
et regna Peliae scelere Medeae iacent,
quae saevum ingenium variis involvens dolis
illic per artus fratris explicuit fugam,
hic caede patris Peliadum infecit manus.'

Quid tibi videtur? hoc quoque insulsum est, ais, falsoque dictum; longe quia vetustior

Aegaea Minos classe perdomuit freta
iustoque vindicavit exemplo improbos.

quid ergo possum facere tibi, lector Cato,
si nec fabellae te iuvant nec fabulae?
noli molestus esse omnino litteris,
majorem exhibeant ne tibi molestiam!

Hoc illis dictum est, qui stultitia nauseant 25 et, ut putentur sapere, caelum vituperant.

VIII. SERPENS AD FABRYM FERRARIVM.

Mordaciorem qui improbo dente adpetit, hoc argumento se describi sentiat.

In officinam fabri venit vipera.
hace cum temptaret, si qua res esset cibi,
limam momordit. illa contra contumax:
'quid me,' inquit, 'stulta, dente captas laedere,
omne adsuevi ferrum quae conrodere?'

IX. VVLPES ET CAPER.

5

10

.5

Homo in periclum simul ac venit callidus, reperire effugium quaerit alterius malo.

Cum decidisset vulpes in puteum inscia et altiore clauderetur margine, devenit hircus sitiens in eundem locum; simul rogavit, esset an dulcis liquor et copiosus? illa fraudem moliens: 'descende, amice; tanta bonitas est aquae, voluptas ut satiari non possit mea.' immisit se barbatus. tum vulpecula evasit puteo, nixa celsis cornibus, hircumque clauso liquit haerentem vado.

X. DE VITIIS HOMINVM.

Peras imposuit Iuppiter nobis duas: propriis repletam vitiis post tergum dedit, alienis ante pectus suspendit gravem.

Hac re videre nostra mala non possumus; alii simul delinquunt, censores sumus.

XI. FVR ET LVCERNA.

Lucernam fur accendit ex ara Iovis ipsumque compilavit ad lumen suum. qui sacrilegio onustus cum discederet, repente vocem sancta misit Religio:

10

15

20

5

'malorum quamvis ista fuerint munera mihique invisa, ut non offendar subripi. tamen, sceleste, spiritu culpam lues, olim cum adscriptus venerit poenae dies. sed ne ignis noster facinori praeluceat, per quem verendos excolit pietas deos, veto esse tale luminis commercium.' itaque hodie nec lucernam de flamma deum nee de lucerna fas est accendi sacrum.

Quot res contineat hoc argumentum utiles, non explicabit alius, quam qui repperit. significat primo, saepe, quos ipse alueris, tibi inveniri maxime contrarios; secundo ostendit scelera non ira deum, fatorum dicto sed puniri tempore; novissime interdicit, ne cum malefico usum bonus consociet ullius rei.

XII. MALAS ESSE DIVITIAS.

Opes invisae merito sunt forti viro, quia dives arca veram laudem intercipit.

Caelo receptus propter virtutem Hercules cum gratulantes persalutasset deos, veniente Pluto, qui Fortunae est filius, avertit oculos. causam quaesivit pater. 'odi,' inquit, 'illum, quia malis amicus est simulque obiecto cuncta corrumpit lucro.'

XIII. . . .

'Vtilius homini nihil est quam recte loqui' probanda cunctis est quidem sententia, sed ad perniciem solet agi sinceritas

XIV. DE LEONE REGNANTE.

Cum se ferarum regem fecisset leo et aequitatis vellet famam consequi, a pristina deflexit consuetudine atque inter illas tenui contentus cibo sancta incorrupta iura reddebat fide. postquam labare coepit paenitentia,

XVI. DE CAPRIS BARBATIS.

5

5

Barbam capellae cum impetrassent ab Iove, hirci maerentes indignari coeperunt, quod dignitatem feminae aequassent suam. 'sinite,' inquit, 'illas gloria vana frui et usurpare vestri ornatum muneris, pares dum non sint vestrae fortitudini.'

Hoc argumentum monet, ut sustineas tibi habitu esse similes, qui sint virtute impares.

10

5

5

XVII. DE FORTVNIS HOMINYM.

Cum de fortunis quidam quereretur suis, Aesopus finxit consolandi gratia:

'Vexata saevis navis tempestatibus inter vectorum lacrimas et mortis metum, faciem ad serenam subito ut mutatur dies, ferri secundis tuta coepit flatibus nimiaque nautas hilaritate extollere. factus periclo tum gubernator sophus: 'parce gaudere oportet et sensim queri, totam quod vitam miscet dolor et gaudium.''

XIX. SERPENS MISERICORDI NOCIVA.

Qui fert malis auxilium, post tempus dolet. Gelu rigentem quidam colubram sustulit sinuque fovit, contra se ipse misericors; namque ut refecta est, necuit hominem protinus. hanc alia cum rogaret causam facinoris, respondit: 'ne quis discat prodesse improbis.'

XX. VVLPES ET DRACO.

Vulpes, cubile fodiens, dum terram eruit agitque plures altius cuniculos, pervenit ad draconis speluncam intimam, custodiebat qui thesauros abditos. hunc simul aspexit: 'oro, ut imprudentiae des primum veniam; deinde si pulchre vides, quam non conveniens aurum sit vitae meae, respondeas clementer. quem fructum capis hoc ex labore, quodve tantum est praemium, ut careas somno et aevum in tenebris exigas?' 'nullum,' inquit ille, 'verum hoc a summo mihi Iove adtributum est.' 'ergo nec sumis tibi nec ulli donas quiequam?' 'sic fatis placet.' 'nolo irascaris, libere si dixero: dis est iratis natus, qui est similis tibi.'

10

15

20

25

Abiturus illue, quo priores abierunt, quid mente caeca miserum torques spiritum? tibi dico, avare, gaudium heredis tui, qui ture superos, ipsum te fraudas cibo, qui tristis audis musicum citharae sonum, quem tibiarum macerat iucunditas, obsoniorum pretia cui gemitum exprimunt, qui, dum quadrantes aggeras patrimonio, caelum fatigas sordido periurio, qui circumcidis omnem impensam funeris, Libitina ne quid de tuo faciat lucri.

XXI. PHAEDRVS.

Quid iudicare cogitet livor modo, licet dissimulet, pulchre tamen intellego. quicquid putabit esse dignum memoria, Aesopi dicet; si quid minus adriserit,

a me contendet fictum quovis pignore. quem volo refelli iam nunc responso meo: sive hoc ineptum sive laudandum est opus, invenit ille, nostra perfecit manus. sed exsequamur coeptum propositi ordinem.

XXII. DE SIMONIDE,

Homo doctus in se semper divitias habet. Simonides, qui scripsit egregium melos, quo paupertatem sustineret facilius, circum ire coepit urbes Asiae nobiles, mercede accepta laudem victorum canens. 5 hoc genere quaestus postquam locuples factus est. redire in patriam voluit cursu pelagio; erat autem, ut aiunt, natus in Cia insula. ascendit navem, quam tempestas horrida simul et vetustas medio dissolvit mari. 10 hi zonas, illi res pretiosas colligunt, subsidium vitae. quidam curiosior: 'Simonide, tu ex opibus nil sumis tuis?' 'mecum,' inquit, 'mea sunt cuncta.' tunc pauci enatant. quia plures onere degravati perierant. 15 praedones adsunt, rapiunt, quod quisque extulit, nudos relinquunt. forte Clazomenae prope antiqua fuit urbs; quam petierunt naufragi.

hic litterarum quidam studio deditus,

25

5

10

Simonidis qui saepe versus legerat eratque absentis admirator maximus, sermone ab ipso cognitum cupidissime ad se recepit; veste, nummis, familia hominem exornavit. ceteri tabulam suam portant rogantes victum. quos casu obvios Simonides ut vidit: 'dixi,' inquit, 'mea mecum esse cuncta; vos quod habuistis, perit.

XXIII. MONS PARTVRIENS.

Mons parturibat, gemitus immanes ciens, eratque in terris maxima exspectatio. at ille murem peperit.—Hoc scriptum est tibi, qui, magna cum minaris, extricas nihil.

XXIV. FORMICA ET MVSCA.

[Nihil agere quod non prosit, fabella admonet.]
Formica et musca contendebant acriter,
quae pluris esset. musca sic coepit prior:
'conferre nostris tu potes te laudibus?
ubi immolatur, exta praegusto deum;
moror inter aras, templa perlustro omnia,
in capite regis sedeo, cum visum est mihi,
et matronarum casta delibo oscula.
laboro nihil, atque optimis rebus fruor.
quid horum simile tibi contingit, rustica?'

20

25

'est gloriosus sane convictus deum, sed illi, qui invitatur, non qui invisus est. aras frequentas: nempe abigeris, cum venis. reges commemoras et matronarum oscula: super etiam iactas, tegere quod debet pudor. nihil laboras: ideo cum opus est, nihil habes. ego granum in hiemem cum studiose congero, te circa murum pasci video stercore. aestate me lacessis: cum bruma est, siles mori contractam cum te cogunt frigora, me copiosa recipit incolumem domus. satis profecto rettudi superbiam.'

Fabella talis hominum discernit notas eorum, qui se falsis ornant laudibus, et quorum virtus exhibet solidum decus.

XXV. SIMONIDES A DEIS SERVATVS.

Quantum valerent inter homines litterae, dixi superius: quantus, nunc, illis honos a superis sit tributus, tradam memoriae.

Simonides idem ille, de quo rettuli, victori laudem cuidam pyctae ut scriberet, certo conductus pretio secretum petit. exigua cum frenaret materia impetum, usus poeta moris est licentia atque interposuit gemina Ledae pignera, auctoritatem similis referens gloriae.

10

5

opus adprobavit; sed mercedis tertiam accepit partem. cum relicuam posceret: 'illi,' inquit, 'reddent, quorum sunt laudis duae. verum, ut ne irate te dimissum censeas, ad cenam mihi promitte; cognatos volo 15 hodie invitare, quorum es in numero mihi.' fraudatus quamvis et dolens iniuria, ne male dimissus gratiam corrumperet, promisit. rediit hora dicta, recubuit. splendebat hilare poculis convivium, 20 magno adparatu laeta resonabat domus: repente duo cum iuvenes sparsi pulvere, sudore multo diffluentes, corpora humanam supra formam, cuidam servulo mandant, ut ad se provocet Simonidem; 25 illins interesse, ne faciat moram. homo perturbatus excitat Simonidem. unum promorat vix pedem triclinio: ruina camarae subito oppressit ceteros; nec ulli iuvenes sunt reperti ad ianuam. 30 ut est vulgatus ordo narratae rei, omnes scierunt numinum praesentiam vati dedisse vitam mercedis loco.

POETA AD PARTICVLONEM.

Adhuc supersunt multa, quae possim loqui, et copiosa abundat rerum varietas;

5

10

sed temperatae suaves sunt argutiae, immodicae offendunt. quare, vir sanctissime, Particulo, chartis nomen victurum meis, Latinis dum manebit pretium litteris, si non ingenium, certe brevitatem adproba, quae commendari tanto debet iustius, quanto poetae sunt molesti validius.

LIBER QVINTVS.

IDEM POETA.

Aesopi nomen sicubi interposuero, cui reddidi iam pridem quicquid debui, auctoritatis esse scito gratia: ut quidam artifices nostro faciunt saeculo, qui pretium operibus maius inveniunt novis, si marmori adscripserunt Praxitelen suo, trito Myronem argento, tabulae Zeuxidem. adeo fucatae plus vetustati favet invidia mordax quam bonis praesentibus. sed iam ad fabellam talis exempli feror.

I. DEMETRIVS REX ET MENANDER POETA.

Demetrius, qui dictus est Phalereus, Athenas occupavit imperio improbo.

10

15

5

ut mos est vulgi, passim et certatim ruit. 'feliciter!' succlamant. ipsi principes illam osculantur, qua sunt oppressi, manum, tacite gementes tristem fortunae vicem quin etiam resides et sequentes otium, ne defuisse noceat, repunt ultimi: in quis Menander, nobilis comoediis, (quas ipsum ignorans legerat Demetrius et admiratus fuerat ingenium viri), unguento delibutus, vestitu fluens, veniebat gressu delicato et languido. hunc ubi tyrannus vidit extremo agmine: 'quisnam cinaedus ille in conspectum meum audet venire?' responderunt proximi: 'hic est Menander scriptor.' mutatus statim: 'homo,' inquit, 'fieri non potest formosior!'

II. DVO MILITES ET LATRO.

Duo cum incidissent in latronem milites, unus profugit, alter autem restitit et vindicavit sese forti dextera. latrone occiso timidus accurrit comes stringitque gladium, dein reiecta paenula: 'cedo,' inquit, 'illum; iam curabo sentiat, quos adtemptarit.' tunc, qui depugnaverat: 'vellem istis verbis saltem adiuvisses modo; constantior fuissem, vera existimans.

nunc conde ferrum et linguam pariter futilem, ut possis alios ignorantes fallere. ego, qui sum expertus, quantis fugias viribus, scio, quam virtuti non sit credendum tuae,'

Illi adsignari debet haec narratio, qui re secunda fortis est, dubia fugax.

IIL CALVVS ET MVSCA.

Calvi momordit musca nudatum caput;
quam opprimere captans alapam sibi duxit gravem.
tunc illa inridens: 'punctum volucris parvulae
voluisti morte ulcisci; quid facies tibi,
iniuriae qui addideris contumeliam?' 5
respondit: 'mecum facile redeo in gratiam,
quia non fuisse mentem laedendi scio.
sed te, contempti generis animal improbum,
quae delectaris bibere humanum sanguinem,
optem necare vel maiore incommodo.' 10

Hoc argumentum venia donari docet, qui casu peccat. nam qui consilio est nocens, illum esse quavis dignum poena iudico.

IV. ASINVS ET PORCELLVS.

Quidam immolasset verrem cum sancto Herculi, cui pro salute votum debebat sua, asello iussit reliquias poni hordei. quas aspernatus ille sic locutus est:

10

5

to

15

'tuum libenter prorsus adpeterem eibum, nisi, qui nutritus illo est, iugulatus foret.'

Huius respectu fabulae deterritus periculosum semper vitavi lucrum. sed dices: 'qui rapuere divitias, habent.' 'numeremus agedum, qui deprensi perierunt: maiorem turbam punitorum reperies.' paucis temeritas est bono, multis malo.

V. SCVRRA ET RVSTICVS.

Pravo favore labi mortales solent et, pro iudicio dum stant erroris sui, ad paenitendum rebus manifestis agi.

Facturus ludos quidam dives nobilis proposito cunctos invitavit praemio, quam quisque posset ut novitatem ostenderet. venere artifices laudis ad certamina; quos inter scurra, notus urbano sale, habere dixit se genus spectaculi, quod in theatro numquam prolatum foret. dispersus rumor civitatem concitat. paullo ante vacua turbam deficiunt loca. in scaena vero postquam solus constitit sine adparatu, nullis adiutoribus, silentium ipsa fecit exspectatio. ille in sinum repente demisit caput et sic porcelli vocem est imitatus sua,

verum ut subesse pallio contenderent et excuti iuberent. quo facto simul nihil est repertum, multis onerant laudibus 20 hominemque plausu prosequuntur maximo. hoc vidit fieri rusticus. 'non me hercules me vincet,' inquit: et statim professus est idem facturum melius se postridie. fit turba maior. iam favor mentes tenet, 25 et derisuri, non spectaturi, sedent. uterque prodit. scurra degrunnit prior movetque plausus et clamores suscitat. tunc simulans sese vestimentis rusticus porcellum obtegere (quod faciebat scilicet, 30 sed, in priore quia nil compererant, latens), pervellit aurem vero, quem celaverat, et cum dolore vocem naturae exprimit. acclamat populus, scurram multo similius imitatum, et cogit rusticum trudi foras. 35 at ille profert ipsum porcellum e sinu, turpemque aperto pignore errorem probans: 'en hic declarat, quales sitis judices!'

VI. CALVVS ET QVIDAM AEQVE PILIS DEFECTVS.

Invenit calvus forte in trivio pectinem. accessit alter, aeque defectus pilis. 'heia!' inquit, 'in commune, quodcumque est lucri!'

5

10

15

20

ostendit ille praedam et adiecit simul:
'superum voluntas favit; sed fato invido
carbonem, ut aiunt, pro thesauro invenimus.'
Quem spes delusit, huic querela convenit.

VII. PROCAX TIBICEN.

Vbi vanus animus aura captus frivola adripuit insolentem sibi fiduciam, facile ad derisum stulta levitas ducitur.

Princeps tibicen notior populo fuit, operam Bathyllo solitus in scaena dare. is forte ludis (non satis memini quibus) dum pegma rapitur, concidit casu gravi necopinus et sinistram fregit tibiam, duas cum dextras maluisset perdere. inter manus sublatus et multum gemens domum refertur. aliquot menses transeunt, ad sanitatem dum venit curatio. ut spectatorum molle est et lepidum genus, desiderari coepit, cuius flatibus solebat excitari saltantis vigor.

Erat facturus ludos quidam nobilis.
ut publicum incipiebat Princeps ingredi,
adducit pretio precibus, ut tantummodo
ipso ludorum ostenderet sese die.
qui simul advenit, rumor de tibicine
fremit in theatro. quidam adfirmant mortuum,

quidam in conspectum proditurum sine mora. aulaeo misso devolutis tonitribus di sunt locuti more translaticio. tune chorus ignotum modo reducto canticum insonuit, cuius haec fuit sententia: 'laetare, incolumis Roma, salvo "principe"!' in plausus consurrectum est. iactat basia tibicen; gratulari fautores putat. equester ordo stultum errorem intellegit magnoque risu canticum repeti iubet. iteratur illud. homo meus se in pulpito totum prosternit. plaudit inludens eques. rogare populus hunc coronam existimat. ut vero cuneis notuit res omnibus, Princeps, ligato crure nivea fascia, niveisque tunicis, niveis etiam calceis, superbiens honore divinae domus, ad universis capite est protrusus foras.

VIII. TEMPVS.

Cursu volucri, pendens in novacula, calvus, comosa fronte, nudo corpore (quem si occuparis, teneas; elapsum semel non ipse possit Iuppiter reprehendere), occasionem rerum significat brevem.

Effectus impediret ne segnis mora, finxere antiqui talem effigiem Temporis.

25

30

35

5

IX. TAVRVS ET VITVLVS.

Angusto in aditu taurus luctans cornibus cum vix intrare posset ad praesepia, monstrabat vitulus quo se pacto flecteret. 'tace,' inquit; 'ante hoc novi, quam tu natus es.' Qui doctiorem emendat, sibi dici putet.

5

X. CANIS ET SVS ET VENATOR.

Adversus omnes fortis et velox feras canis cum domino semper fecisset satis, languere coepit annis ingravantibus. aliquando obiectus hispidi pugnae suis adripuit aurem: sed cariosis dentibus 5 praedam dimisit. hoc tunc venator dolens canem obiurgabat. cui senex contra Lacon: 'non te destituit animus, sed vires meae. quod fuimus lauda, si iam damnas quod sumus.'

Hoc cur, Philete, scripserim, pulchre vides.

- 3. dos, so Pliny, Nat. Hist., xxxvii. 5, 'dos smaragdi'; and Ovid, 'dos oris' of eloquence, 'dos formae,' 'dos ingenii,' etc.; ef. Ovid, Am. i. 10. 60, "est quoque earminibus meritas celebrare puellas Dos mea," i.e. my gijt.
- 4. prudenti, abl. with 'consilio,' rather than dat., as some editors take it.
- 6. arbores loquantur, subj., because 'virtual' oratio obliqua, 'because (as they say) trees speak.' But in the fables which have been preserved no trees speak; this therefore refers to a lost portion of Phaedrus' works; see Introd., p. ix.

FABLE I.

1. lupus et agnus, proverbial foes. Cf. Isaiah, xi. 6, "The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid ..." Lessing criticises the improbability

of a wolf and lamb coming to drink at the same stream. But see Introd., p. xiv.

- 4. iurgii causam intulit, 'adduced the grounds for a quarrel,' modelled on legal phrase for bringing an action, 'inferre litem'; cf. Caesar, Bell. Gall. 1. 39, "alia causa illata."
- 6. laniger, sc. inquit, a very frequent omission in Phaedrus. He uses an uncommon word 'laniger' to give freshness and variety; see 'auritulus,' i. 11. 6; 'barbatus,' iv. 9. 10; see iv. 4. 3 note.
 - 7. qui, 'how?'
- 10. ante hos sex menses, the 'hos added just as in colloquial Eng., 'these six months ago.'
- 13. correptum, sc. agnum; 'correptum lacerat,' 'seizes and tears to pieces.'
- 15. qui fictis causis ..., this line is often referred to Tiberius or Sejanus, or both. But Phaedrus had not yet been attacked by Sejanus; see Introd., p. vii. It is better, therefore, to suppose no special person aimed at.

FABLE II.

- 1. aequis legibus, i.e. under a democracy.
- 2. libertas ... licentia, cf. Milton, "Licence they mean when they cry liberty." frenum, common metaphor from bridling horses; cf. Hor. Odes, iv. 15. 4 foll., "Tua Caesar aetas ... ordinem rectum et vaganti frena licentiae iniecit."
- 4. conspiratis, middle use; see Vocab. Cf. 'iuratus,' having sworn; 'cenatus,' having supped, etc.
- 5. Pisistratus, see Classical Dict. He became 'tyrant' of Athens 560 B.C.; was driven out twice, but returned and retained his power till his death, 527 B.C., when he was succeeded by his son Hippias. arcem, the acropolis at Athens, from which he commanded the city.
 - 8. insuetis, always scanned 'insuetis' in Phaedrus.
- liberis paludibus, the epithet 'free' is transferred from frogs to marshes; called hypallage by grammarians.
 - 12. qui ... compesceret, final, 'to restrain'
- 16. hoc = pavidum genus, i.e. the frogs, subject of lateret; 'hoc' cannot be the log because if it had been hidden in mud the frogs could not have seen it and crawled on to it.

22. rogantes, either nom., 'they sent to J. asking for another king,' or acc., 'they sent to J. (ambassadors) asking for another king.'

Fable III.

Graculus, is a jackdaw, not La Fontaine's 'geai.' or jay. Horace, Ep. I. iii. 19, transfers the fable to the crow, 'cornicula.' Some editors treat the fable as a prophecy of the fall of Sejanus; others as aimed at Phaedrus' imitators.

- 1. Ne gloriari..., construe, Aesopus prodidit hoc exemplum nobis, ne libeat gloriari alienis bonis (ut)que (libeat) potius degere vitam suo habitu; with 'suoque' understand 'ut libeat' from previous 'ne libeat.' Note 'libeat' pres. subj. because 'prodidit,' pres. perf., 'has handed down.'
- 11. notam, 'brand,' either referring to the brand with which foreheads of criminals were branded, or to the mark placed by censors against the names of unworthy citizens on census roll, the 'nota censoria.'
- 16. tua calamitas = tu calamitosus, 'your unhappy self'; so in next fable, l. 5, 'aviditas' = 'avidus canis'; use of abstract for concrete very common in Phaedrus. Cf. also i. 5. 11, 'improbitas'; i. 13. 12, 'stupor,' etc., and our English, 'His Majesty'; see ii. 5. 23 note.

FABLE IV.

Lessing criticises this fable also on the ground that the ripple made by the dog would destroy the reflection.

- 1. Amittit ..., construe, qui adpetit alienum, merito amittit proprium, 'he who seeks another's property, deservedly loses his own.'
 - 5. aviditas, 'the greedy creature'; see i. 3. 16 note.

FABLE V.

This fable also is criticised by Lessing, because a cow, etc., would not hunt with a lion! From it comes our expression 'lion's share.'

- 7. primam, sc. partem, 'first portion'; sol. S, 'secundam'; l. 9, 'tertia'; l. 10, 'quartam.' At meals and banquets a portion was assigned to each guest called his 'pars.' nominor quoniam leo, i.e. 'because I am king of beasts.'
- 9. me sequetur. regular legal term for inheriting; cf. Hor. Sat. i. viii. 13, "heredes monimentum ne sequeretur."
 - 11. improbitas, 'the rapacious creature'; see i. 3. 16 note.

FABLE VI.

Those who seek political meaning in the fables refer this to the crimes of Sejanus and his projected marriage with Livia or Livilla, sister of Germanicus, wife of Drusus, see Introd., p. viii.

- 2. Aesopus, see Introd., p. xii.
- 7. unus, sc. sol, 'one sun.'
- S. arida sede, better abl. of cause, 'because our home is dried up,' than abl. of place, 'in our dried up home.'
 - crearit for 'creaverit.' fut. perf.

FABLE VII.

This fable is referred by some to the great men at Court.

- 1. personam, see Dict. of Antiq. The ancient mask, unlike ours, covered the whole head.
- 4. sensum communem, our 'common sense' or 'good sense,' Gr. κοινὸς λογισμός, cf. Juv. Sat. viii. 71 foll., "rarus enim ferme sensus communis in illa Fortuna"; and Hor. Sat. i. iii. 66, "communi sensu plane caret."

FABLE VIII.

- 3. impune..., construe, deinde quia iam non potest abire impune.
- 7. persuasa est, see iii. 5. 8, a violation of the rule that verbs which govern a dative in active are used impersonally in passive. But Phaedrus has good authority, for Ovid, A. A. iii. 679, has 'persuasus erit,' Verg. uses 'credor,' Hor. 'invideor' and 'imperor.'
 - 12. abstuleris, subj. after 'quae' causal. et, 'and yet'

FARLE IX.

- 1. Sibi ..., construe, ostendemus paucis versibus stultum esse non cavere sibi et dare consilium aliis.
- 9. securus, note that 'securus' = cureless, unconcerned; 'tutus' = safe, secure.

FABLE X.

- 5. culpae proximam, 'guilty'; lit. associated with or connected with the fault; no exact parallels for this phrase. Cicero uses 'affinis culpae,' 'facinori,' etc.; Ovid, for its opposite, 'culpa abesse' (Ovid, Tris. ii. 98); so Terence, "culpa a me est procul."
- 7. causam perorassent, 'had pleaded their cause to the end' (per), i.e. 'had finished their pleadings.'
- 9. videris, the legal phrase in giving judgment; the Roman judge declared not that a man was guilty of so and so, but that he seemed or was held to be guilty, 'videris fecisse.'

FABLE XI.

- 2. ignotos ... notis, see Vocab. both in active sense, 'those who do not know him...those who do know him'; cf. i. 14. 2, 'ignoto loco'; cf. similar act. and pass. use of Gr. ἄγνωστος. For double dative, notis est derisui, cf. Hor. Odes, i. 28. 18, "exitio est avidum mare nautis," 'the greedy sea is a destruction to sailors,' and below, v. 4. 12.
- 6. auritulus, cf. Phaedrus' use of 'laniger,' i. 1. 6 note; 'barbatus,' iv. 9. 10, etc.

Fable XII.

- 1. Laudatis ..., construe, haee narratio eruit (ca) quae con tempseris 'elicits or reveals that what you have despised,' saepe inveniri utiliora laudatis, 'is often found more useful than what is praised'; 'laudatis,' abl. of comparison: 'contempseris,' subj. because rel. 'quae' is indef., 'anything which'
 - 10. retentis, caught by the trees.

- 11. lacerari coepit, a violation of rule that 'coepi' is used with active inf., but 'coeptus est' with pass.
 - 15. luctus, partitive gen. after 'quantum.'

FABLE XIII.

- 1. Qui ..., construe (Is) qui gaudet se laudari subdolis verbis, dat turpes poenas serà paenitentià.
 - 3. fenestra, simply an opening in the wall.
- 6. qui, interrog. 'what is the brilliance!' i.e. 'how great,' or 'how splendid the brilliance!'
- 7. decoris, from 'decor'; distinguish 'decoris' from 'decus.' geris, used especially of what attracts attention; cf. Verg. Aen. i. 315, "virginis os habitumque gerens."
 - 12. corvi stupor, 'the stupid raren'; see i. 3. 16 note.

FABLE XIV.

- 2. ignoto, see i. 11. 2 note.
- 3. falso antidotum nomine, abl. of description, 'an antidote falsely so called,' lit. with a false name, false because it would not really counteract poison.
- 4. strophis, from stropha, Gr. $\sigma\tau\rho\phi\phi\dot{\eta}$, properly a turning or twist of any sort, used especially of the turning of the chorus in a Greek play towards one side of the orchestra, and the song sung during this movement: but also of the twists made by wrestlers, etc., to clude adversary: and then of any slippery dodge or trick: so here.
- 5. hic, best 'hereupon,' though it might be 'here,' i.e. 'ignoto loco.'
- 7. fusa ..., construe, dein, aquâ fusâ, simulans se miscere toxicum antidoto illius, 'that he was mixing a poison with his antidote,' iussit ipsum ebibere, 'bade the fillow himself drink (it) up,' posito praemio, 'offering him a reward' (for doing so).
- 11. non artis..., construe, se factum nobilem non ulla prudentia medicae artis, verum stupore vulgi.

18. stultitia, nom. rather than abl. of cause, 'whose folly is a profit to ...,' cf. i. 21. 2, 'iocus est.'

FABLE XV.

Referred by editors to the civil war between Caesar and Pompeius, or that between Octavian and Antony.

- 5. subito, better adv. than adj. qualifying 'clamore.'
- 6. suadebat ... fugere, in prose would be 'suadebat ut fugeret,' but the inf. is common enough in poetry.
- 7. binas, the distributive, not cardinal numeral, is employed with substantives which are used only in plur. (as 'clitellas' here), or in a different sense in plur., e.g. 'bina castra.'

10. meas = solitas, 'my regular'

FABLE XVI.

- 1. vocat sponsum, legal term; 'asks worthless men to become his security,' 'sponsum' is supine expressing purpose after verb implying motion; cf. Hor. Ep. ii. 2. 67, 'hic sponsum vocat.'
- 2. rem expedire, 'seeks not to settle the business' (so that thereafter no dispute may arise or loss fall on either party), 'but to do mischief,' i.e. means not business but mischief.

Fable XVII.

Referred by commentators to the 'delatores' or professional accusers who flourished under Tiberius.

- 1. malefici = maleficii, gen. after 'poenas'; cf. 'oti' for 'otii,' Verg. Georg. iv. 564; 'preti' for 'pretii,' etc.
- 2. Calumniator ..., construe, cum calumniator canis peteret ab ove panem, quem contenderet se commodasse,

FABLE XIX

- 4. ut deponeret, 'to be allowed to place....'
- 5. reposcenti, construe, dein admovit preces reposcenti locum 'to it when it asked for the place back again'; 'reposcenti' is the other dog, the owner of the kennel.

7. ducere, i.e. secum ducere, 'lead her pups away with her, when they were stronger.'

FABLE XXI.

- 2. iocus, here the thing joked at, object of mirth; cf. similar use of 'ludus' and 'ludibrium'; cf. Shak. M. W. iii. 3. 161, 'let me be your jest.'
- 5. fulmineis, favourite epithet in ancient and modern writers for boars' tusks, suggesting as much their swiftness and force as their gleaming whiteness.
- fortes ... insultare mihi, acc. and inf. after 'indigne tuli,' which = 'indignatus sum.'

FABLE XXII.

- 5. supplici, usually taken as dat. from 'supplex'='tibi supplici,' 'to you a suppliant'; L. Müller, however, prefers it as gen. from 'supplicium,' cf. 'malefici,' i. 17. 1, in which case 'veniam supplici'=' pardon from punishment.'
- 7. rosuri, sc. mures 'at which the mice would nibble'; simul et ipsos, sc. ut, 'and that you may ... the mice themselves.'
- 11. quorum privata ..., a variation of the usual phrase, 'qui serviunt utilitati privatae' or 'suae,' 'who are serving their own private interests.'

FABLE XXIII.

1. Repente liberalis, 'a man who is unexpectedly generous....'

FABLE XXIV.

This fable is given by Hor. Sat. ii. 3. 312 foll., and referred to by Martial, x. 79.

S. quis, for the usual 'uter,' 'which of the two.'

FABLE XXV.

3. currentes, i.e. running along bank and making dashes at water, not standing still.

4. cōrcŏdlis, usual poetical form, made by 'metathesis' (or transposition of letters) from crŏcŏdīlus, κροκόδειλος, in order to leugthen the first syllable for metrical reasons.

67

6. quamlibet, either adv. or pron., from quilibet, sc. aquam, 'lap up as much as you like at your leisure.'

This story about dogs and Nile is told in Pliny, Nat. Hist. viii. 40, and other ancient writers and became proverbial. Hence the story told by Macrobius—Saturn, i. 2.—when they asked what Antony was doing after his flight from Mutina, one of his friends said, "quod canis in Aegypto: biblt et fugit."

FABLE XXVI.

- 1. nulli, rarely used for 'nemini,' but 'nullius' and 'nullo' or 'nulla' are regularly used for gen. and abl.
- 7. intrito cibo, a common country dish made of crumbled bread, soaked in milk or curd, flavoured with cheese, garlic, oil, vinegar, etc., called also 'morētum' (from 'mordeo, 'bite), or 'alliatum' (from 'allium,' garlie).
 - 11. peregrinam, because a bird of passage.
- 12. sua exempla. the example he himself sets, i.e. you must not mind being treated by others as you have treated them.

Fable XXVII.

- 2. et qui = et eis qui, 'and to those who'
- 3. thesaurum, numerons references in ancient writers, as well as the discoveries of modern archaeologists and diggers, prove how common was the practice of burying gold and silver ornaments, vessels and coins with the dead.
- 4. Manes dees, see Class. Dict. Manes is the name by which the Romans designated the souls of the departed; but as it is a natural tendency to consider the souls of departed friends as blessed spirits, the Manes were regarded as gods and worshipped with divine honours.
- 6. Religio personified; cf. Verg. Aen. iii. 362, "omnis cursum mihi prospera dixit Religio..."
 - 8. quem, governed by 'super.'

FARLE XXXIII.

- 1. Quamvis ..., 'men in however high a station ought to fear the humble, because revenge is easy to quick-witted cunning,' lit. 'cunning which is quick to learn.'
 - 4. escam, 'as jood.'
- 10. hosti ..., either (1) lit. 'preparing grief for her foe by the loss of her offspring' (sanguinis): 'miscens dolorem,' metaphor from mixing wine or a drink of any sort; cf. phrases 'miscere bella,' 'mala,' 'seditiones,' etc.; 'damno,' abl. of means; 'sanguinis' = eagle's brood; or (2) 'mingling her foe's grief with the loss of her own offspring,' i.e. killing her own litter as well as eagle's brood; 'sanguinis' then = fox's own cubs. This would naturally require 'hostis.'

FABLE XXX.

- 1. laborant, cf. Horace, Ep. i. 2. 14, "Quicquid delirant reges, plectuntur Achivi."
- 7. statio. Cf. Verg. Georg. iv. 8, "principio sedes apibus statioque petendae."
- S. regno, so Verg., of conquered bull, Georg. iii. 228, "regnis excessit avitis."

FABLE XXXI.

- 2. auxilia dum requirit, but the doves did not ask the kite for aid against another foe, and therefore the fable is pointless, as Jacobs and others have pointed out.
 - 9. praestem, subj. after 'qui' final, 'to render you'

BOOK II.

PROLOGUE.

1. Exemplis..., a difficult and much disputed passage. 'Aesop's style (or the style of writing which Aesop used) is confined to (lit. by) examples (i.e. fictitious stories), nor is any other object sought by fables than that men's mistakes should

be corrected, and that careful search (into the meaning of the fable) should be encouraged (lit. make itself more keen). Whatever, therefore, be the entertainment in the story, provided it charms the ear and serves its purpose, it wins praise by that mere fact (re) not because of the author's name.' I will do my best to keep to Aesop's principles, but if I, for variety's sake, introduce anything besides 'fables' do not be offended, provided that I repay your kindness by brevity.

At beginning of Book I. Prol. 1. 2. Phaedrus had professed to merely polish the material found by Aesop. But in this and later books he introduces stories of real and even contemporary life (e.g. Fable V. below). These prefatory remarks are a defence against hostile criticism. 'Aesop is still my model,' he says; 'our objects are the same; it matters not whether the stories be true or false provided they profit and please our audience.'

- 1. Exemplis, 'exempla'=fabulae fictae, as often in Phaedrus, cf. i. 3. 3; ii. l. 11; iv. 3. 6.
- 4. industria = industry shown in trying to find out the meaning and lesson of the fable.
- 7. re, refers to the previous line; 'by the mere fact' of charming the ear and serving its purpose of instructing.
- 8. senis = Aesop, a common title of respect for sages and teachers. Cf. iii. 19. 11.
- 11. bonas in partes, for constr. cf. iii. 8. 8 note, "accipiens cuncta in contumeliam"; and for phrase, Cic. ad Att. xi. 7. "quod rogas, ut in bonam partem accipiam,"

FABLE I.

- 2. praedator = 'hunter.' Cf. Ovid. Met. xii. 306, "Abas praedator aprorum."
- 9. tergore, used of the whole carcase, the 'meat,' not the back only. Cf. Verg. Aen. i. 211, "tergora deripiunt costis."

FABLE II.

2. ament, amentur, 'let them love them, or be loved by them' = 'sive ament, sive amentur.'

8. putarèt, subj. after 'qui' concessive, 'though he thought...' fingi, often used of trimming or dressing hair, cf. Verg. Aen. iv. 148, "mollique fluentem Fronde premit crinem fingens."

FABLE III.

3. remedium, no parallels are quoted for this superstition, but cf. the ancient 'hair of the same dog' superstition, viz., that the burnt hair of a dog is an antidote to its bite.

Fable IV.

- 1. in sublimi quercu, 'on the top of an oak,' usually 'in summa quercu.'
 - 2. in media, sc. quercu; so ad imam, next line, sc. quercum.
- 8. quod ..., a slightly irregular construction. Phaedrus begins, 'for the fact that you see the treacherous pig daily rooting up the earth,' and then instead of continuing, 'is a proof that it wishes,' he says, 'he wishes to'
- 18. suspenso pede, so Ter. Phormio, v. 5. 28, "suspenso gradu placide ire perrexi."
- 24. praebuĕrunt, note quantity; in perfect 3rd plur. the e of -erunt is occasionally short, but of -ere always long. For -erunt cf. iii. Epid. 24; iv. 16. 2; iv. 20. 16. So Hor. Epod. ix. 17, 'vertĕrunt.'
- 25. Quantum ..., construe, stulta credulitas potest habere documentum ('can have this as a proof,' or 'can herein have a proof)' quantum mali bilinguis homo saepe concinnet. bilinguis = 'double-tongued,' speaking one thing and meaning another, cf. Verg. Aen. i. 665, "Tyriosque bilingues," which Servius explains as 'fallaces'; and among other parallels in Plaut. cf. Pers. ii. iv. 28, "tamquam proserpens bestia, est bilinguis et scelestus."

FABLE V.

- 2. occupata in otio, an "oxymoron." Cf. Hor. Ep. i. 11. 28, "strenua nos exercet inertia."
- Misenensem villam, this villa on 'the top of the hill' at Cape Misenum in Campania was really built by C. Marius,

and after passing through the hands of Cornelia, purchased by Lucullus, who may have rebuilt it, hence 'posita Luculli nann.' For Lucullus see Class. Dict. Lucius Licinius Lucullus, born about 110 B.C., died 57 or 56 B.C., famous as the conqueror of Mithridates and for his luxurious tastes which the treasures he amassed in Asia enabled him to gratify. His gardens in the immediate suburbs of the city were laid out in a style of extraordinary splendour; but still more remarkable were his villas at Tusculum and in the neighbourhood of Neapolis (Naples). Pompeius in derision called him the Roman Xerxes. His banquets were fabulously magnificent, a single supper is said to have cost him 50,000 denarii (about £1700 in our silver, but the purchasing value of money being higher then, it really represents a much greater sum).

- 11. alticinctis, with his tunic tucked up so as to move about his work more quickly. Cf. the Biblical phrase, 'with his loins girded'; cf. Hor. Sat. ii. 6. 107, "velut succinctus cursitat hospes."
- 12. Pelusio, Pelusium, a town on the Delta of the Nile, famous for the fineness of its linen stuffs.
 - 14. domino, Tiberius the Emperor.
- 18. xystum, see Smith's Dict. of Antiq. under Hortus. "We have a very full description of a Roman garden in a letter of the younger Pliny, in which he describes his Tuscan villa. (Pliny, Epist. v. 6.) In front of the porticus there was generally a xystus, or flat piece of ground, divided into flowerbeds of different shapes by borders of box. There were also such flower-beds in other parts of the garden. Sometimes they were raised so as to form terraces, and their sloping sides planted with evergreens or creepers. The most striking features of a Roman garden were lines of large trees, among which the plane appears to have been a great favourite. planted in regular order; alleys or walks (ambulationes) formed by closely clipped hedges of box, yew, cypress, and other evergreens; beds of acanthus, rows of fruit-trees, especially of vines, with statues, pyramids, fountains, and summer-houses (diaetae) Attached to the garden were places for exercise An ornamental garden was called viridarium, and the gardener topiarius or viridarius" The viridia of l. 14 are the green shrubs or plants.

- 22. donationis gaudio, subjective genitive, 'joy caused by the gift'; see below ii. 8. 2 note.
- 23. tanti malestas ducis, 'the mighty sovereign's majesty'; 'majestas,' just as we talk of 'His Majesty': grammatically the phrase is parallel to 'corvi stupor' in i. 13. 12; see i. 3. 16 note.
- 25. maioris, gen. of price. alapae, in freeing a slave by the form called 'vindicta,' the master turned him round and struck him lightly; hence 'alapae' here equals 'your freedom.' Cf. our tap of the sword in conferring knighthood.

FABLE VI.

- 3. vis et ..., construe, quicquid vis et nequitia oppugnaut (id) ruit, 'whatever ... assail, falls.'
- 11. scopulum, governed by 'super.' That eagles do thus treat reptiles is a familiar fact of natural history. It recalls the story of the poet Aeschylus' death, at Gela in Sicily, 456 B.C. An eagle, mistaking the poet's bald head for a stone, let a tortoise fall on it, and so fulfilled the oracle which declared that he would die by a blow from heaven.

FABLE VII.

- 2. fiscos, see Vocab. and Smith's Dict. of Antiq. under Fiscus.
 - 10. spoliatus, the plundered mule.

FABLE VIII.

- 2. venatorum necem, 'death inflicted by the hunters,' subjective genitive, see ii. 5. 22, 'donationis gaudio.' Cf. Verg. Aen. xii. 5, "saucius venantum vulnere."
 - 5. hic, adverb, 'hereupon.'
 - 7. cucurreris, subj. after 'qui' causal.
- 11. frondem, for food. In many of the poorer parts of Europe, e.g. Norway, at the end of summer you may see the peasants stripping the trees of leaves to provide food in winter for their cattle.
- 15. quietis, with 'bubus,' silent because they had not betrayed him.

- 18. ille, the master. oculos centum, description taken from Argus, the 100-eyed monster, guardian of Io, whose eyes, when he was killed by Hermes, were transplanted by Hera into the tail of her peacock.
- 24. quantum est laboris, we say 'what a labour it would be'; cf. 'longum est,' 'it would be tedious.'
- 28. dominum videre ..., cf. Aristotle, Oeconomics, "the eyes of the master fatten the horse."

EPILOGUE.

- 1. ingenio, 'to' or 'in honour of the genius of Aesop.'
- 2. servum, see Introd., p. xii.
- 3. patere ..., construe, ut cuncti scirent viam honoris patere, nec gloriam tribui generi sed virtuti.
- 5. occuparat ... ne primus forem, lit. 'had anticipated me to prevent me being first'; cf. use of Gr. φθάνω. alter = Aesopus.
- 6. ne solus ..., 'I endearoured to prevent him being the only one (i.e. only writer of fables), which alone was left for me.'
- 7. invidia, bad sense, Gr. φθόνος, 'envy.' aemulatio, good sense, ζήλος, 'rivalry,' 'emulation.'
 - 9. opponat, subj. after 'quos' consecutive.
- 10. curam, 'my work': properly my fables written with care; cf. Tac. Ann. iv. 11, "quorum in manus cura nostra venerit," and cf. 'studium' in 1. 12 below.
- 17. nec quicquam, sr. 'qui' from previous 'quos,' 'and who can do nothing but find fault with their betters.'

BOOK III.

PROLOGUE.

2. Eutychus, generally identified with a Eutychus who was a charioteer and great favourite of Caligula. The Greek name suggests that he was a freedman. He may have held some public office of a judicial nature (this Prologue and the Epilogue to Book 1II. speak of him as being immersed in public duties), which would explain the tone of Phaedrus' complaints and appeals, l. 41 foll., and Epilogue, l. 20 foll.

- 4. tanti. gen. of price, 'worth so much,' cf. Ovid, Heroid.
 i. 4, "vix Priamus tanti totaque Troia fuit."
- 10. nenias, cf. iv. 2. 3; 'neniae,' Gr. νηνίαι, were properly rough songs chanted in honour of the dead at funerals to the sound of the flute, then used of any common or unpolished songs. Here used modestly by Phaedrus of his own fables.
- 14. adsuetam, scanned, 'adsuētam,' cf. i. 2. S. vicem, lit. the turn of duty after holiday and rest, hence duty, work; cf. Tac. Ann. iv. S, "vestram meamque vicem explete," and Livy, i. 20, "ne sacra regiae vicis desererentur."
- 17. Pierio, Mons Pierius, sacred to the Muses, who are hence called Pierides; it was partly in Macedonia, partly in Thessaly; in line 20 Phaedrus says he was almost born in Greece, "paene in ipsa natus sin schola"; therefore he was born on the Macedonian or non-Greek side, see Introd., p. vii.
- 18. Mnemosyne. the mother of the nine Muses (fecunda novies) by Jupiter.
- 21. habendi, of 'haring' property, i.e. of being a rich man; ef. Gr. of Exoures = the rich. eraserim, metaphor from scratching out writing, cf. Horace, Odes, iii. 24. 51, "eradenda cupidinis pravi sunt elementa."
- 23. fastidiose, i.e. only after careful and fastidious examination, 'I find but jealous admission.' in coetum, sc. Musarum, the company of the Muses.
- 27. Sinon, see Verg. Aen. ii. 77, "cuncta equidem tibi, rex, fuerit quodcumque fatebor Vera inquit"
- 28. regem D., Priam, King of Troy, called Dardania, from Dardanus, the traditional founder of the Trojan kingdom.
- 34. servitus = servus, abstract for concrete; cf. i. 3. 16 note; he means Aesop, see Introd., p. xii.
- 38. semita. 'narrow path': 'viam,' 'broad road.' 'I in my turn have made a road on his narrow path, and have invented more than he had left...,' cf. Prol. iv. 12. For phrase cf. Martial, Ep. vii. 61., 'et modo quae fuerat semita facta via est.'
- 40. deligens. lit. 'choosing some to my hurt,' i.e. 'which have afterwards brought trouble upon me'; because his enemies gave them a political turn and got him into trouble with Tiberius and Sejanus, see Introd., p. vii.

- 41. Seiano, abl. of comparison after 'alius,' 'another than Sejanus.' Aelius Seianus, as commander of the Praetorian troops, became the close friend and confidant of Tiberius. For many years he practically governed Tiberius, and at last seems to have aimed at imperial power. He poisoned Drusus by the aid of Livia or Livilla, Drusus' wife, whom he promised to marry (23 A.D.), and obtained the banishment of several other members of the imperial family. At length Tiberius' suspicions were aroused, and Sejanus was suddenly arrested and executed. 31 A.D. See Class, Dict.
 - 44. his remediis, i.e. by writing fables.
 - 49. notare, 'brand'; see i. 3. Il note.
- 52. Phryx Aesopus, see Introd., p. xii. Anacharsis, see Class. Dict., "A Scythian of princely rank, who left his native country to travel in pursuit of knowledge and came to Athens about B.c. 594. He became acquainted with Solon, and by his talents and acute observations he excited general admiration. The fame of his wisdom was such that he was even reckoned by some among the seven sages. He was killed by his brother Saulius on his return to his native country."
- 54. propior, nearer by birth (see line 17 above) to literary Greece than Aesop who was born in Phrygia in Asia Minor, and Anacharsis who was born in Scythia.
- 57. Linus, see Class. Dict. "The personification of a dirge or lamentation, and therefore described as a son of Apollo by a Muse (Calliope).... Both Argos and Thebes claimed the honour of his birth...." Orpheus, see Class. Dict. A mythical personage, regarded by the Greeks as the most celebrated of the early poets before Homer. According to the common story he was the son of Oeagrus and the Muse Calliope. Apollo gave him the lyre, and instructed by the Muses he became so skilled in its use that he enchanted not only the wild beasts but even the trees and rocks on Olympus. He went on the famous Argonautic expedition after the golden fleece, and lulled the Colchian dragon to sleep. On his return he lived for a while in a cave in Thrace, and employed himself in civilizing the wild inhabitants. His wife Eurydice died from the bite of a serpent. Orpheus followed her to Hades, and by the charm of his playing obtained permission for her to return to earth, on condition that he should not look back at her till they had reached the upper world. He looked

round to see if she were really following, and saw her snatched away from him for ever. His grief for the loss of Eurydice led him to treat the Thracian women with contempt. In revenge they tore him to pieces whilst in the frenzy of their Bacchanalian orgies.

FABLE I.

- 2. F. faece, abl. of eause.
- 5. suavis anima, better (1) 'oh sweet fragrance' than (2) 'dear soul,' as lovers often address their loved ones; but either is possible.
- 7. Hoc quo ..., 'anyone who knows me will be able to tell the application of this fable.' Intentionally ambiguous and therefore no wonder many explanations have been given, e.g. (1) 'Those who like this work of my old age will understand what far better poetry I might have produced when younger'; (2) 'The Ass=Tiberius, who in old age has to content himself with the dregs of his former pleasures'; (3) 'he who likes the fables of me, a mere imitator of Aesop, can guess how good were Aesop's original ones.'

FABLE IL

Often referred to Tiberius in exile at Rhodes, and on his return venting his wrath on those who had slighted him.

5. periturae, sc. 'pantherae,' better gen. after 'miseriti' than dat. after 'misere'; 'p. quippe,' 'since it was doomed to perish,' the 'quippe' giving a causal force, see i. 28.7, iii, 8.8.

16. damnum. i.e. the 'loss' of their cattle.

FABLE IV.

1. Pendere ..., a dead monkey hanging up for sale in a butcher's shop for food. This is the natural meaning; but monkeys are never mentioned as eaten by the Romans, and so some have explained it of a live monkey simply exposed for sale or hanging by a chain; or again of a fish called $\pi(\theta\eta\kappa\sigma\sigma, 'monkey jish', found in the Atlantic; but there is no sufficient proof of the existence of such a fish.$

4. caput ... sapor, the somewhat far-fetched joke seems to lie in the double meaning of both 'caput' and 'sapor'; 'caput,' either 'man's head' or 'monkey's head'; 'sapor,' either 'flavour' or 'wit.'

FARLE V.

- 3. tanto melior, sc. es; equivalent to our 'good!' or 'bravo!'
- 8. persuasus, 'persuadeo' with acc. of person is scarcely classical, and the personal use of pass. (as opposed to impers.) is very rare till later Latin, the rule being that verbs which govern a dat. in act. are used impersonally in the pass; but see i. 8. 7 note.

FABLE VI.

- 2. non vis, 'wont you go on?' common in threats, or rebukes.
- 3. vide, note scansion 'vide,' so in Plant. Ps. i. l. 46; cf. 'căve' from 'caveo,' frequently in Plant.

FABLE VII.

- 5. fecisti tantum corporis, our 'have made so much flesh'; for 'corpus' = 'flesh,' cf. Ovid, Am. i. 6. 6. "Aptaque subducto corpore membra dedit." For this phrase cf. Celsus de Medic. vii. 3, "cibi potionesque corpori faciendo aptae"; no exact parallel is quoted from earlier writers.
- 10. a furibus ..., construe, et (ut) tuearis noctu domum a furibus.
- 16. a catena, the use of the prep, instead of the simple abl. of instrument is poetical.
 - 27. liber ... ut, 'on the condition of not being my own master.'

FABLE VIII.

- 3. idem, often used idiomatically in Lat. where we prefer an adv., 'and also.'
- 4. cathedra, see Dict. of Antiq. for illustration: generally applied to a softly upholstered chair with a back, used by

women. ut positum fuit, lit. 'as it had been placed there,' i.e. 'which happened to be lying there.'

- 8. accipiens ... in contumeliam, see above, ii. Prol. 11 note, cf. Ter. Adelph. iv. 3. 15, "ad contumeliam omnia accipiunt." For quippe, giving causal force to participle, 'since she ...,' cf. iii. 2. 5, i. 28. 7.
- 9. laesura invicem, 'to mortify him in her turn,' i.e. apparently her brother; but the object of 'laesura' might be her father.
- 11. tetigerit, subj. in virtual oratio obliqua, 'because (as she said) he'

FABLE IX.

 cedo invidiae, 'submit to envy,' so "cedere fortunae," Caesar, Bell. Gall. vii. 89; 'cedere tempori,' etc.

FABLE XII.

Compare our 'casting pearls before swine.'

- 4. hoc, acc. object of 'vidisset,' 'this thing,' i.e. 'you here.'
- 6. ego quod ..., 'the fact that I have found you, I to whom food is much more precious, can neither profit you nor me in any way.' The subj. of 'potest' is the clause 'quod ego te inveni.'

FABLE XIII.

This fable is, by some, supposed to be aimed at Phaedrus' imitators.

- 2. hos, i.e. fucos. inertes, cf. Vergil's "ignavum fucos pecus," 'the drones a lazy tribe,' Georg. iv. 168.
- 8. religio = religio iurisiurandi, 'scrupulousness in the fulfilment of my oath,' i.e. the oath to judge impartially. Cf. Cic. Font. 9. 20, 'religione iurisiurandi ac metu deorum in testimoniis dicendis commoveri."
 - 14. possit, sc. facere favos.

FABLE XIV.

Said to have been written by Phaedrus to justify the childish amusements of his late patron Augustus, of whom Sue-

tonius (c. 83) writes, "animi laxandi causa modo piscabatur hamo, modo talis, aut ocellatis nucibusque ludebat cum pueris."

- 1, 2. Iudentem ... nucibus, common boy's game, though how played we are not told; cf. Hor. Sat. ii. 3. 171.
- torquet, a common word for worrying over a difficult problem or subject.
- sophus, 'the sage,' Gr. σοφός, a 'learned man,' especially applied to the professed philosophers or sophists.
- 10. arcum, cf. Hor. Odes, ii. 10. 20, "neque semper arcum tendit Apollo." All work and no play makes Jack a dull boy.

FABLE XV.

Referred by commentators to mothers who either abandon their children or put them out to nurse.

- 9. potior, see iii. 12. 6, 'dearer,' or perhaps 'has a stronger claim on you.'
- 10. niger an albus, perhaps a special application, because white lambs were esteemed more highly, black sent to the butcher. But the phrase, 'albus an ater sis nescio,' 'I don't know whether you are black or white,' seems to be proverbial for 'I know nothing about you'; cf. Cic. Phil. ii. 16, etc.
- 18. necessitas, 'the order' or 'laws of nature,' called by Cicero "necessitas naturae" (Cic. de Fato, c. 30), to which the lamb owed its birth.
 - 20. legibus = necessitas of l. 18, 'the laws of nature.'

FABLE XVI.

- 3. noctuae, dat. incommodi after 'acerbum.'
- 8. accensa, 'excited,' i.e. 'ad clamandum.'
- 12. sonare ..., construe, quos putas citharam Apollinis sonare, 'sound like' or 'ring with the sound of A.'s lyre.' For the acc. cf. Verg. Aen. i. 328, "nec vox hominem sonat," 'rings with no mortal sound.' Burmann points out that at the feasts of the gods, when the first course was removed and nectar was set on the table, it was the duty of Apollo and the Muses to play to the drinking gods.

13. Pallas ... donavit, because the owl was the sacred bird of Pallas Athene.

FABLE XVII.

- 3. myrtus..., cf. Verg. Ecl. vii. 61, 62, "Populus Alcidae gratissima, vitis Iaccho, Formosae myrtus Veneri, sua laurea Phoebo."
- 4. Cỹbêbe, parallel form of 'Cỹbêle,' always used by Phaedrus for sake of rhythm; so in Gr. $Kv\beta\dot{\eta}\beta\eta$ and $Kv\beta\epsilon\lambda\eta$.
- 7. honorem ..., 'lest we should seem to sell the honour' (i.e. of choosing them as our special trees) 'for their fruit.'
- 8. me hercules, is properly a man's oath, not a woman's; see Aul. Gell. xi. c. 6. narrabit ..., 'any one shall say what he likes.'
- 10. sator, cf. Verg. Aen. i. 254, "Olli subridens hominum sator atque deorum."
- 11. dicere, probably present passive 'dicere,' not future 'dicere.'

FABLE XVIII.

- 1. Pavo, sacred to Juno.
- 2. tribuerit, subj. in virtual oratio obl., 'because (as it said),....'
- 3. illum esse ..., acc. and inf. after verb of saying implied in 'indigne ferens,' line 1.
- 9. quo mi ... mutam speciem, sc. dedisti, 'wherefore has thou given me (mi=mihi)....' Cf. Hor. Ep. i. 5. 12, "quo mihi fortunam, si non conceditur uti?"
- 10. partes, metaphor from the stage, the part one has to play, and so duty, office, function, a common sense of 'partes' in the plural.
- 12. laeva cornici omina, a crow (cornix) on the lett was a lucky omen, on the right unlucky; a raven (corvus) lucky on right, unlucky on left. Cf. Cic. Div. 1. 39, "quid habet augur cur a dextra corvus, a sinistra cornix faciat ratum."

FABLE XIX.

3. ignem quaerens, it was a serious business to light a fire before the days of matches, and even of flint and steel and tinder box. To refuse a request for a light was regarded as inhuman. Cf. Plaut. *Trin.* iii. 2. 53, "datur ignis, tametsi ab inimicis petas."

- 4. accenderet, subj. after 'ubi' consecutive, 'a place to light...'
- nominem, one worthy of the name of man; cf. the famous story of Diogenes the Cynic. Diog. Laert. vi. 41.
 (ed. Didot) λύχνον μεθ' ἡμέραν ἄψας περιήει λέγων, ἄνθρωπον ζητῶ.
- 11. seni, the regular title of respect for Aesop in Phaedrus; cf. ii. Prol. 8.

EPILOGUE.

- 3. distringit, ..., 'much business of different sorts engrosses.'
- 21. proclivis, 'your compassion is ready, even without my asking for it (ultro).'
- 24. partes, see iii. 18. 10 note. fuĕrunt, for ĕ short see ii. 4. 24 note.
 - 26. religio, see iii. 13. 8 note.
- 34. palam, etc., from the Telephus of Ennius. See Introd., p. vii.

BOOK IV.

PROLOGUE.

In MSS. this is wrongly placed after iv. 26., i.e. at beginning of Bk. V. That it ought to come at beginning of Bk. IV. is proved by line 14.

- 2. in hoc = ideo, 'for this reason,' explained by the next words 'ut ... satis.'
 - 4. talis tituli, the title of Fabulist.
- 7. sua cuique ..., 'Since each man has his own opinions and characteristics.
 - 10. Particulo, nothing is known about him.
- 11. Aesopias, non Aesopi, i.e. written in the style of Aesop, not copied or taken from Aesop; explained more fully in next two lines. Note quantity, Aesopias.

18. vestras in chartas..., 'transfer my words to your pages...'; this may mean, (1) constantly quote my lines in your writings, or (2) quote whole fables, or (3) write them in your 'common-place' books; or, which is less probable, (4) take down my poems when I recite them to circles of friends.

FABLE I.

- 1. natus est infelix, explained as 'malo astro natus,' 'born under an unlucky star,' for according to astrologers a man's fate was determined by the position of the stars at the hour of his birth; cf. iv. 20. 15, 'dis iratis natus.'
 - 4. Cybebe, see above, iii. 17. 4 note.
- 8. delicio, 'what they had done with their pet'; delicio, abl., cf. Ter., Andria, iii. 614, "nee quid me nunc faciam scio," 'I don't know what to do with muself'; and Id. iv. 709, "quid me fiet," 'what will be done with me?'

FABLE II.

This fable is generally told of the cat and mice.

- 1. Ioculare tibi videtur, i.e. the fable I have just told you, viz., Fable I.
 - 3. nenias, see iii. Prol. 10 note.
- 5. ea ... quae videntur, 'that which they seem,' i.e. 'what they seem to be'
- 6. rara mens, since 'rara' by position is opposed to 'multos,' tr. 'rarely does the mind' or 'but few minds,' ef. Ovid, A. A. iii. 201, ''rara tamen facies menda caret''; and Verg. Aen. i. 118, "apparent rari nantes." Otherwise 'rara' might be taken 'uncommon,' 'exquisite,' ef. Ovid, Met. xiv. 337, ''rara quidem facie sed rarior arte canendi."
 - 17. laqueos, 'springes' of hair or string. muscipula, 'traps.'
- 19. sic valeas ... ut farina es, a simple passage of which much unnecessary difficulty has been made. 'Vale' or 'valeas' is the usual expression in leavetaking, 'adicu' or 'farewell'; here it has the full force, 'may you fare well'; sie... ut, 'on this condition ... that,' i.e. 'only ... if.' 'Farewell, if you are a meal sack, who lie there': but you are not, and therefore 'fare ill.'

FABLE III.

- 1. famē, note long \bar{e} , fifth decl. form; cf. the double forms 'plebes' and 'plebs.'
 - 6. adscribere, a common metaphor from book-keeping.

FABLE IV.

This fable is given in full by Hor. Ep. x. 34-8.

- 1. Equus ..., construe, aper, dum volutat sese, turbavit vadum, quo equus solitus fuerat sedare sitim.
- 3. sonipes, the use of a grand word to give dignity, cf. i. 1. 6 note, 'laniger': i. 6. 6, 'stagni incola'; for 'sonipes' see Verg. Aen. iv. 135; ix. 600.
 - 4. dorso, properly abl. of instrument.
 - 13. potius, sc. esse, 'that it is preferable to be'

FABLE VI.

- in tabernis, probably here 'taxerns'; some however take
 it of booksellers' shops. So Hor. mentions rude sketches of
 popular gladiators painted or chalked on the walls, Hor.
 Sat. ii. 7. 98, "proelia rubrica picta aut carbone," 'painted
 with red chalk or charcoal.'
- 4. recepti, see Vocab. in middle sense; the participle is concessive 'although they'
- capitibus cornua, a common ornament of helmets among barbarous tribes, cf. Herod. vii. 76, etc.
- 9, 10. immolatos ... tartareo specu, grandiloquent and mock heroic.
- 13. praesidio, abl. of instrument after 'latet,' because it = 'are protected by': cf. Verg. "cadet hostia dextra," and Cic. "iacent suis testibus," 'are overthrown by their own witnesses' (Walpole).

FABLE VII.

6-16. Vtinam ... manus, an imitation of Ennius' paraphrase of Euripides' Medea. For story see Class. Dict. under Medea. Medea, daughter of Aeetes king of Colchis: celebrated for

her skill in magic. When Jason came to Colchis in quest of the golden flecce, she fell in love with him and helped him to win it. She then fled with him to Greece, and, when followed by her father, cut up her brother Absyrtus and strewed his limbs on the way to delay the pursuers. On returning to Iolchos Jason found that his father Aeson had been killed by Pelias his half-brother. To punish Pelias, Medea persuaded the daughters of Pelias to cut their father up and boil the pieces, in order to restore him to youth and vigour, as she had shown them that she could change a ram into a lamb. For this crime she and Jason were expelled from Iolchos and went to Corinth. In time Jason grew weary of Medea and married the daughter of Creon, king of Corinth. In revenge Medea murdered the two children whom she had borne to Jason, and destroyed the young wife by a poisoned garment. She then fled in a chariot drawn by winged dragons.

- 15. illic, in Colchis.
- 16. hic, in Thessaly.
- 17. Quid tibi videtur, i.e. 'what do you think of this specimen of Euripides tragic style?'
 - 18. vetustior, so says Thucydides, i. 4.
- 21. lector Cato, 'you reader, stern and censorious as Cato,' who was proverbial for his censoriousness. See Class. Dict.

 M. Porcius Cato, surnamed Censor or Censorinus, B.C. 234-149; a strong opponent of the growing luxury and refinement of his age, and the influence of Greek literature and manners: Censor in 184, when he strove most earnestly but unsuccessfully to stem the tide of culture.

FABLE VIII.

4. temptaret, si, 'was trying to see if ...,' so Caesar, Bell. Gall. ii. 9, "hanc si nostri transirent, hostes exspectabant."

FABLE IX.

- inscia, like 'imprudens' in iii. 2. 2.
- 10. barbatus, cf. 'laniger,' i. 1. 6 note.

FABLE X.

For this fable cf. Catul. xxii. 21, "sed non videmus manticae quod in tergo est," 'but we do not see that part of the wallet which is behind us': and Hor. Sat. ii. 3. 299; Pers. iv. 24.

FABLE XI.

- 2. ipsum, Jupiter himself, i.e. his temple.
- 4. Religio, 'the Holiness,' i.e. the statue or altar of Jupiter, which is Jupiter himself.
- 12. itaque hodie, no other reference in ancient writers to this rule.
- 19. fatorum dicto tempore, lit. 'at the stated time of the fates' = 'at the time appointed by the fates.' For 'dicto,' cf. iv. 25, 19, 'hora dicta.'
- 20. interdicit ..., construe, interdicit ne bonus consociet usum ullius rei cum malefico; consociet usum, lit. 'unite the enjoyment of anything' = 'join in using anything.'

Fable XII.

- 3. Caelo receptus ... Hercules, ef. Hor. Odes, iii. 3. 9-10.
- 5. Pluto, abl. of Plutus.
- 6. pater = Jupiter.

FABLES XIII. AND XIV.

The MSS, are here hopelessly corrupt and deficient.

FABLE XVI.

- 2. coepërunt, note quantity of e, see ii. 4. 24 note.
- 3. feminae, nominative.
- 5. usurpare vestri ornatum muneris, lit. 'to appropriate the decoration of your gift,' i.e. 'the adornment which has been given to you,' viz., the beard given to you by the gods.

FABLE XVII.

- 2. finxit, sc. hanc fabulam, 'made up this story.'
- 6. tuta, agreeing with subject 'navis,' in l. 3.
- 9. parce, adverb.

FABLE XIX.

- 5. hanc, sc. colubram; construe, cum alia rogaret hanc (asked it), causam facinoris (the reason for its cruel deed); 'hanc' and 'causam' double acc. after 'rogaret.'
- 6. improbis, the commentators point out that the snake 'gives itself away' by classing itself among the 'improbi.'

FABLE XX.

- 10. careas somno, the sleepless dragon of legend.
- 11. nullum, sc. praemium; 'no reward, but this (duty) has been'
- 15. dis iratis natus, proverbial expression for a luckless man, our 'born under an unlucky star,' cf. Hor. Sat. ii. 3. 8; see iv. 1. 1 note.
 - 16. abiĕrunt, for short ĕ see ii. 4. 24 note.
- 26. Libitina, the goddess of funerals, here = 'libitinarii,' the undertakers. de tuo, cf. Martial, Ep. vii. 46. 4. "Et tua de nostro, Prisce, Thalia tacet," 'and your muse, Priscus, is silent at our expense.'

FABLE XXI.

- 4. Aesopi, sc. esse, 'that it is Aesop's.' adriserit, 'if anything finds less favour in its eyes'; cf. Hor. Sat. i. 10. S9, "quibus haec, sunt qualiacumque, Arridere velim." 'in whose eyes I should wish that these should find favour, be they what they may.'
- 5. quovis pignore. cf. Catull. xliv. 4. "quovis Sabinum pignore esse contendunt," 'are ready to stake anything to prove you are Sabine.'
 - S. ille, Aesop.

FABLE XXII.

- 2. Simonides, see Class. Dict. Simonides of Ceos, one of the most celebrated lyric poets of Greece, born at Iulis, in Ceos, 556 B.C. From Ceos he went to Athens, thence to Thessaly, and again to Athens. In 489 he conquered Aeschylus in the contest for the prize offered by the Athenians for an elegy on the warriors who fell at Marathon. Ten years later he composed the epigram inscribed on the tomb of the Spartans who fell at Thermopylae. When about 80 he was invited to Syracuse by Hiero, at whose court he lived till his death in 467. Fragments only of his poems have come down to us.
- 5. mercede accepta, abl. absol., 'for a fee,' not necessarily 'when he had received his fee,' though Simonides is said to have been notorious for his avarice. Pindar and other lyric poets used to write triumphal odes for winners in the great public games of Greece.
 - 13. Simonide, Greek vocative; cf. 'hercle,' i. 1. 12.
- 14. mecum mea sunt cuncta, this saying is generally attributed to Bias, one of the seven sages of Greece (about E.C. 550). His native city was attacked by enemies, and he had to flee: the other citizens tried to carry off some of their goods, but he took nothing. When they asked him to try to save something he said, "I am doing so; for I carry all my wealth about me: omnia mea meeum porto" (Val. Max. vii. 2).
- 22. sermone ab ipso ..., construe, cupidissime recepit ad se (Simonidem) cognitum ab ipso sermone. For 'ab' cf. Verg. Aen. ii. 65, "crimine ab uno disce omnes."
- 24. tabulam, picture of the shipwreck carried round to excite compassion and extract alms. Cf. Juv. Sat. xiv. 301, "mersa rate naufragus assem Dum rogat et picta se tempestate tuetur"; Pers. i. 89-90, "cum fracta te in trabe pictum Ex umero portes."

FABLE XXIII.

parturibat, for 'parturiebat'; so 'audibam,' Ovid, Ep. xiv. 36; 'lenibat,' Verg. Aen. vi. 468, etc.

FABLE XXIV.

- 4. conferre. construe, tu potes conferre te nostris laudibus, 'compare yourself to our praises,' i.e. compare the esteem in which you are held with the praise given to us.
 - 12. qui invisus est, sc. 'illi' before the 'qui.'

FABLE XXV.

- 2. superius, viz. in Fable xxii.; a rare word in this sense.
- 9. gemina Ledae pignera, Leda's sons, Castor and Pollux, famous for skill in boxing.
- 13. duae, sc. partes; lit. 'of whom there are ...,' i.e 'who have two-thirds of the praise.'
- 15. ad cenam mihi promitte, regular form of invitation, sc. 'te venturum.'
 - 16. es ... mihi, 'yon are in my eyes.'
 - 19. recubuit, the guests reclined, not sat, at table.
- 22. sparsi pulvere, the traditional way of representing them when appearing to encourage the Romans in battle.
- 23. corpora, in apposition with 'invenes,' '... their bodies above'
- 31. ordo, 'complete version.' Cf. Tac. Ann. iv. 69, "ordinem fraudis ... narravere"; Suet. Claud. 37, "ordinem rei gestae perferre ad senatum."

EPILOGUE.

In the Mss. this is wrongly placed after V. 5.

BOOK V.

- 3. auctoritatis, gen. after 'gratiâ,' 'for the sake of'
- 6. Praxiteles, Myron, Zeuxis, see Class. Dict. Praxiteles, a famous Athenian sculptor who lived about 364 B.C. Nothing is known of his personal history. His two chief works were a statue of Aphrodite at Cnidos and of Eros at Thespiae. Myron, a sculptor and engraver, born about 480 B.C. in Bocotia.

but called an Athenian because his birthplace Eleutherae had been admitted to the Athenian franchise. His chief works were the *Discobulus*, of which a probable copy is in the British Museum, and his Cow. Zeuxis. Greek painter, flourished about 424-400 B.C., a native of Heraelea. His most famous picture was one of Helen, painted for the temple of Juno at Croton.

FABLE L

- 1. Demetrius, see Class. Dict. Demetrius, called Phalereus from the Attic deme of Phalerus in which he was born about 345 g.c. His parents were poor, but he rose to a high position by his talents. In 317 the government of Athens was entrusted to him by Cassander (son of Antipater, to whom, after the death of Alexander the Great, fell the Macedonian and Greek part of Alexander's dominions). He performed the duty so well for 10 years that the Athenians conferred every kind of honour upon him. On the approach of Demetrius Polioreetes to attack Athens, 307, he fled to Alexandria, and ended his days in Egypt.
- 5. illam osculantur manum, ef. Pope, Essay on Man, "And licks the hand just raised to shed his blood."
- 8. ne defuisse, subject of 'noceat': after 'noceat' sc. 'sibi,' lit, 'lest to have been away should injure them.'
- 9. Menander, see Class. Dict. Menander, the most distinguished poet of the 'New Comedy,' born 342 s.c. at Atheus, died 291 s.c. His poems were imitated by the Romans, and adapted by Terence.

13. gressu delicato, cf. i. Samuel, xv. 32, "Agag came unto him delicately."

18. This line is missing in the MSS., and variously supplied by editors.

FABLE II.

- 1.2. These lines are not in the old Mss.; supplied from the Perottine Ms. See Introd., p. x.
- 6. cědě ... illum, 'cédě,' old imperat, form, see Vocah., 'gire me the fellow'; for the acc. with 'cedo,' cf. Ter. Hec. iv. 4. 86, "puerum, Philippe, mihi cedo, ego alam." curabo

sentiat = curabo ut sentiat, 'I'll make him feel,' cf. 'vellem adiavisses,' l. 8 below.

- 9. vera, sc. esse verba tua, 'if I had thought they were true.'
- conde ferrum et linguam, a zengma; 'hold your sword and tonque.'
- 14. adsignari, metaphor from book-keeping, see 'adscribere' above, iv. 3. 6.
- 15. dubiâ, sc. re, a euphemism for 'misfortune'; the plural in this sense is more common.

FABLE III.

7. mentem, 'intention,' so in Eng., 'I have a mind to do so and so.'

FABLE IV.

- 1. verrem, offered to Hercules because of his victory over the Erymanthine boar.
- 2. votum debebat, to 'owe a vow' is to have made one and not yet paid it; a person in this position was called 'voti reus,' cf. Verg. Aen. v. 237.
- 10. qui, antecedent is 'eos' understood as object of 'numeremus,' 'let us count those who'
- 12. paucis ... bono, for double dative see i. 11. 2 note, 'notis est derisui.'

FABLE V.

- 1. favore, abl. of cause.
- 2. pro iudicio ... stant erroris sui, 'stand up for their erroneous judyment'; 'pro,' 'in defence of'; 'stant pro iud.,' military metaphor; 'iudicio erroris' evidently "'erranti' or 'falso iudicio,' cf. l. 33, 'voeem naturae' = 'natural voice'; no parallels are quoted for this singular expression.
- 6. quam quisque ..., construe, ut quisque ostenderet novitatem quam posset (ostendere); for novitas, used like our 'novelty' for something new, cf. Horace, A.P. 223, "illecebris erat et grata novitate morandus spectator."

12. turbam deficiunt loca, the dat. after 'deficiunt' is more common, but acc. quite classical, cf. Horace, Sat. ii. 1. 13, "cupidum, pater optime, vires deficiunt"; 1d. 3. 153, etc.

91

- 17. sua, sc. voce.
- 18. verum, sc. porcellum, 'a real pig.'
- 19. excuti, sc. pallium, 'order his cloak to be searched,' lit. 'shaken out'; a common phrase for searching thieves, etc.
 - 31. in priore, sc. homine, 'in the case of the former one.'
 - 32. vero, dative, sc. porcello, 'pulls the real pig's ear.'
- 33. vocem naturae, 'natural roice'; see above, note on l. 2. 'iudicio erroris.'
- 35. cogit, 'tries to compel;' by shouts and hissing they try to force the attendants to turn out the rustic.

FABLE VI.

- 2. defectus pilis, cf. Tibul, ii. v. 75, "solem defectum lumine vidit"; contrast different use in i. 21. 3, "defectus annis."
- 3. in commune, sc. confer. 'make common, divide'; transl. 'shares in ...'; a common phrase, cf. Scneca, Epist. 120 (119), '' Quoties aliquid inveni, non exspecto donce dicas 'in commune'; ipse mihi dico."
- carbonem...pro thesauro, a proverb from the Greek ἄνθρακες ὁ θησαυρός.

FABLE VII.

- 4. Princeps, proper name, common at Rome.
- 5. Bathyllus, celebrated pantomimist of the day, native of Alexandria; freedman and favourite of Maccenas; mentioned in Juvenal; see *Class. Dict.*
- 7. pegma, see Smith's Dict. of Antiq. "Pegma $(\pi \hat{\eta} \gamma \mu \alpha)$, an edifice of wood consisting of two or more stages (tabulatae) which were raised or depressed at pleasure by means of balance-weights. These great machines were used in the Roman amplitheatres, the gladiators who fought on them being called pegmares. They were supported upon wheels so

as to be drawn into the circus, glittering with silver and profusion of wealth."

- S. tibiam, here 'leg,' lit. shin bone; in next l. dextras, sc. tibias, 'his two right pipes'; Phaedrus puns on this double meaning of 'tibia.' For tibia see Dict. Antiq.; the 'dextra tibia' was base; 'sinistra tibia,' treble.
- 18. pretio precibus, 'by bribes and prayers'; a common phrase. Cf. Ter. Eun. v. ix. 24, "perfice hoc precibus pretio."
- 23. misso, because, contrary to the modern enstom, the curtain was lowered for the performance; and raised when the performance was over. devolutis, because the stage thunder was produced by rolling down balls behind the scenes.
- 28. consurrectum est, sc. a turba, 'the audience rose in a body to applaud.'
- 30. equester ordo, sat in fourteen rows of seats set apart for them by the Law of Otho; Horace and Juvenal constantly refer to the fact.
- 38. divinae domus, the 'royal house,' called 'divinus' because of the deification of the Emperors, 'divus Caesar.'

FABLE VIII.

3. quem si occuparis, teneas, 'if you catch him, you should hold him'; 'occuparis,' fut. perf., lit. 'if you shall have caught him.'

FABLE IX.

5. dici, sc. 'hoc' as subject, 'that this is said to him.'

FABLE X.

Some editors think that in this fable Phaedrus refers to his own old age.

- 1. Adversus ..., construe, cum canis, fortis et velox adversus omnes feras, semper satis fecisset domino
 - 4. pugnae, with 'objectus.' hispidi suis = 'apri.'

- 5. cariosis dentibus, abl. of cause 'because has teeth'
- 7. Lacon, may be the dog's name, or simply 'Spartan hound'; the breed was very famous, cf. Soph. Ajax, S, κυνὸς Λακαίνης ὅς τις εὕρινος βάσις, ''keen scenting as a Laconian hound's"; Shakespeare Mid. N. Dream, "my hounds are bred out of the Spartan kind."
 - 9. fuimus and sumus, emphatic, 'what I was but now am.'
- 10. Philete, uncertain who this man was, but identified by some editors with a Tib. Claudius Philetus, a freedman of the Emperor Claudius.
